MEMORANDUM

TO: Jefferson-Talmo Planning Commission
FROM: Jerry Weitz, Consulting City Planner
DATE: July 12, 2010
RE: Major Amendment to the Comprehensive Plan, City of Jefferson

The city of Jefferson is processing an amendment to the community agenda adopted February 23, 2009. The purpose of the plan amendment is to revise the categories on the future land use plan map and to adopt some significant changes to the future policies and future land use plan maps.

The first step in the process is for the planning commission and then City Council to hold public hearings on the proposed plan amendment. Then, because the changes to the future development and future land use plan maps are considered “major,” the plan amendment must be submitted to the Northeast Georgia Regional Commission and Georgia Department of Community Affairs for review and comment.

The planning commission will hold a public hearing on the proposed amendment (see attached), which is in a ready to adopt format. A resolution authorizing transmittal of the plan amendment for regional and state review is also included (Council public hearing and agenda action item in August). The plan amendment will not be scheduled for adoption by the Jefferson City Council until the regional and state review is complete.

At the public hearing, Staff will go over the areas that have been changed on the maps, and the slight changes to the future land use plan categories.

Attachments
WHEREAS; All other procedural requirements of said State Rules have been accomplished, including review by the Northeast Georgia Regional Commission and the Georgia Department of Community Affairs;

Now, therefore, BE IT RESOLVED and IT IS HEREBY RESOLVED by the Jefferson City Council that the 2008-2028 Comprehensive Plan, Community Agenda, is hereby amended in the following respects:

1.

The future policies map is hereby repealed and replaced with a new future policies map, attached to and hereby made a part of this resolution.

2.
