

ENTERPRISE ZONE ADDRESSES

The best way to locate an address is to contact the local government directly. Usually, the Economic Development or Community Development department manages the zone. Other times, a Development Authority, Main Street program or other outside agency manages the zone. In smaller communities, the administrator may be a city manager or city clerk.

Enterprise Zones have been reported to DCA from these communities, but unreported zones may exist.

Local Government	Contact Person	Phone
Chatham County	Patrick Monahan	912-652-7870
