

Environmental Education and Community Action Grant Opportunities

American Honda Foundation

The American Honda Foundation supports projects in the areas of youth and scientific education. The Foundation defines "youth" as prenatal through 21 years of age. "Scientific education" encompasses the physical and life sciences, mathematics, and the environmental sciences. The Foundation provides grants for K-12 education, higher education, and other nonprofit organizations that focus on youth and/or scientific education. Only projects that are national in scope will be considered for funding by the Foundation. Application deadlines are February 1, May 1, August 1, and November 1 of each year.

<http://corporate.honda.com/america/philanthropy.aspx?id=ahf>.

Coca Cola Foundation

The Coca-Cola Foundation aims to provide youth with the educational opportunities and support systems that they need to become knowledgeable and productive citizens. The Foundation encourages new solutions to countless problems that impede educational systems today, and it supports existing programs that work. The Foundation offers grants to public and private colleges and universities, elementary and secondary schools, teacher training programs, educational programs for minority students, and global education programs. Applications are accepted throughout the year, and reviewed quarterly.

Lowe's, International Paper and National Geographic Explorer Outdoor Classroom Grant

Lowe's, International Paper and National Geographic Explorer have partnered to create an outdoor classroom grant program for K-12 public schools. Grants of up to \$2000 may be used to create new outdoor classrooms and/or enhance existing outdoor learning environments. Grants will be reviewed three times a year. To meet the next deadline, apply by August 31, 2006.

National Forest Foundation

The National Forest Foundation supports projects that address community-based forest stewardship, watershed health and restoration, wildlife habitat improvement, and recreation issues in proactive ways. Projects should complete innovative on-the-ground conservation work in partnership with other community groups. The Foundation's matching awards program focuses on "action-oriented" projects that serve to demonstrate measurable outcomes. The program provides challenge cost-share grants, on a competitive basis, to community-based organizations to engage in on-the-ground conservation initiatives benefiting National Forests and Grasslands. The Program provides matching federal funds to private, non-federal dollars. During 2006, the Foundation will support organizations in Southern Appalachia (Tennessee, North Carolina, South Carolina and Georgia), the Oregon Coast and Central Cascades, the Selway-Bitterroot area (Montana and Idaho), the Central Colorado Rockies, and the Central Sierra (California). Some 20 percent of the Program's funds will be allocated to projects outside of these areas. The deadline of July 28 is for pre-proposals. | Grant

Range: \$500 to \$100,000 | Contact Info: Alexandra Kenny, Director Grants Program, 2715 M St. NW, Suite 100, Washington, DC, 20007, Ph: 202-298-6740 Ext. 3, akenny@natlforests.org.

Stonyfield Farm

The Stonyfield Farm's Profits for the Planet Program donates 10% of the company's profits annually to nonprofit organizations in order to enhance efforts that help protect or restore the environment. Projects that generate measurable results, for example, natural resources saved, people educated, etc., are given priority. Applications for support are accepted from organizations throughout the U.S., with some emphasis on organizations located in the Northeast with projects

often reflecting Stonyfield's support of organic farming methods and efforts to combat global warming. Requests for funding may be submitted at any time. For more information visit:

<http://www.stonyfield.com/AboutUs/ProfitsForThePlanetProgram.cfm>

Target Corporation Store Grants

The Target Corporation Store Grants support nonprofit organizations and schools in the communities where the company's stores are located. There are currently stores in every state with the exception of Alaska, Hawaii, and Vermont. The company's Store Grants focus on the following three areas: arts, family violence prevention, and early childhood reading. Applications will be accepted until May 31, 2006, and should be submitted to the local Target store team leader.

Tourism Cares for Tomorrow

Tourism Cares for Tomorrow is a nonprofit organization that benefits society by promoting the responsible use of the world's natural, cultural and historic treasures and supporting education and research to help secure the positive future of travel and tourism worldwide. As part of its mission, Tourism Cares for Tomorrow distributes grants to nonprofit organizations worldwide with the following goals: 1. Projects that protect, restore, or conserve sites of exceptional cultural, historic, or natural significance and 2. Programs that educate local host communities and the traveling public about conservation and preservation of sites. The remaining deadlines for 2006 are June 30 and Nov 1.
