

**MEMORANDUM**

**TO:** Interested Applicants to the Permanent Supportive Housing Program

**FROM:** Carmen Chubb, Assistant Commissioner for Housing

**DATE:** March 29, 2011

**RE:** Update on Status of Program Revisions

The DCA team continues its internal discussions concerning revisions to the Permanent Supportive Housing Program (PSHP), including policies related to the application under the Special Needs Set Aside to the 2011 Qualified Allocation Plan. Our original goal was to release a revised Program Description on April 1, 2011. However, we are delaying its release for approximately 30 days so that we may receive appropriate feedback from our external customers and finalize our policies and all appropriate documents. As we move forward, we will continue to provide status updates on our web site. Please check our website often for further information.
