Commissioner Gretchen Corbin named one of Georgia Trend’s 100 Most Influential Georgians

In its January issue, Georgia Trend magazine included Commissioner Gretchen Corbin on its 16th annual 100 Most Influential Georgians list. Other Georgia notables on the list include Sen. Johnny Isakson, Falcons owner Arthur Blank and country musician Zac Brown.

“Some of the 100 wield their influence in the limelight; others work behind the scenes. But all of

Changes to the HomeSafe Program Effective February 1, 2014

The Department of Community Affairs manages HomeSafe Georgia, a program aimed at preventing foreclosure due to unemployment or financial emergency, with funding from the United States Treasury. Initially, the program targeted under-and-unemployed homeowners.

We have now expanded the program beyond unemployment as follows to meet the needs of Georgia’s citizens:

**Mortgage Payment Assistance**: Up to 24 months of mortgage payment assistance to eligible homeowners who became unemployed or underemployed (through no fault of their own) in the most recent 36 months. The program can help eligible homeowners bring mortgage payments current (up to 12 months) with the balance of the assistance paid over the remaining eligible term (up to 24 months total).

**Reinstatement**: Eligible homeowners who can make mortgage payments now, but became delinquent on their mortgage due to a military, medical, or death hardship within the last 36 months may qualify for assistance. Eligible homeowners will show their ability to make mortgage payments going forward. A one-time payment of up to 12 mortgage payments is available to qualified homeowners, allowing those who experienced a significant income reducing hardship, albeit short-term, to catch up on back payments using HomeSafe Georgia assistance.

**Recast and Modification Program**: Homeowners with a permanent reduction of income may qualify for up to $30,000 in assistance to reduce their mortgage to an affordable level. In conjunction with loan modifications made by participating lenders, this assistance can help homeowners who experienced permanent reductions in income from an eligible hardship achieve long term affordability. The lender must be participating in the HomeSafe Georgia program. This option provides a long term...

State Small Business Credit Initiative: Helping Create New Jobs and Restore Historic Spaces

Restoring the original Davison’s building in Atlanta created jobs and saved an historic landmark.

The State Small Business Credit Initiative (SSBCI) helps small businesses gain access to credit and finances projects that may not qualify for traditional lending. Since 2011, the SSBCI has committed more than $20 million in financing to provide loans in 39 communities statewide. This funding has helped create 843 jobs and retain another 462. Now, the program can add financing the renovation of an historic landmark to its list of achievements.

The original Atlanta Davison’s Department Store (which later became Macy’s) closed its doors in 2003. With its soaring ceilings, stately marbled floor and magnificent chandeliers, the building had been a downtown landmark since it was built in 1927. Although the top five floors of the building were rehabilitated to office space in 2005, the bottom three floors remained vacant.

In 2008, a partnership purchased these three floors and invested $30 million to renovate the main floor to its former splendor for special events. Recently, Access to Capital for Entrepreneurs (a Community Development Finance Institution serving north Georgia) and Peach State Federal Credit provided financing for an additional $11 million in renovations, using $2.7 million in SSBCI funding. The loan helped finance additional offices, conference and event space, and event amenities for the lower floors, retaining 12 employees and creating 26 new jobs.

“We’re proud to use SSBCI funding to help businesses expand and hire new employees,” said Commissioner

**PlanFirst Will Recognize Communities with Vision**

The Department of Community Affairs’ new PlanFirst program will reward communities that demonstrate an established pattern of implementing their local Comprehensive Plans. Communities of all sizes may apply, and should show:

- A history of public involvement with development of the plan
- Active engagement in plan implementation
- Proven progress with achieving the community's stated vision or goals.

2014 applications are due May 15. PlanFirst designation will continue for three years. We encourage communities to reapply after three years to extend access to program incentives:

- Statewide recognition as a PlanFirst community
- An additional point in the Qualified Allocation Plan for rental housing developments to further local affordable housing goals
- The ability to apply for CDBG annually during the designation period (for non-entitlement communities)
- Bonus points on DCA programs such as the Redevelopment Fund, the Employment Incentive Program, and the Downtown Revolving Loan Fund
- Three additional points for CHIP applications
- Hands-on assistance from DCA staff to help implement community work program activities
- Preference on DCA implementation assistance team scheduling

Applications and additional information are available on the PlanFirst webpage. Contact Adriane Wood at adriane.wood@dca.ga.gov for more information.
