NEWS AND EVENTS

Board Meets in Rome

DCA board members and staff met with City of Rome staff to learn about Rome's success with DCA's funding and technical assistance programs.

On October 1 and 2, the Department of Community Affairs Board of Directors visited the City of Rome for a two-day meeting. Board members focused on the Department's community and economic development programs, and how successful communities combine financial and technical assistance to create places that are attractive and productive for their residents and conducive to new industry. Rome is an excellent backdrop for this focus, as the elected officials, staff and non-profit community have made use of a variety of DCA's programs in order to help them meet their community goals.
Under Laurel's guidance, Georgia’s Housing Tax Credit program has incorporated green building principles into its competitive processes and has placed more than 1,800 units of affordable, certified-sustainable units. Thank you, Laurel!

Georgia Commission for Service and Volunteerism Continues Fifteen AmeriCorps Programs

The Board of Directors of the Georgia Commission for Service and Volunteerism is pleased to announce that fifteen AmeriCorps programs are beginning a new year of service. Each program has a contract agreement with DCA and is beginning to recruit for new AmeriCorps members. This year, through DCA, the Georgia Commission will manage fifteen programs totaling $3.5 million, supporting over 700 AmeriCorps Members. For more information on AmeriCorps programs in Georgia, please visit www.servega.org.

Commissioner Corbin and Leamon Scott provided background information during the trolley tour.

Downtown Development, led the board on a trolley tour of the community, highlighting the work the city has done in conjunction with the Department of Community Affairs over a ten-year period. Andy Johnson, the General Regional Manager of the Lowe's Regional Distribution Center, guided the board and staff on a tour of the new facility in north Floyd County, which is big enough to house 32 football fields and employs more than 500 citizens of northwest Georgia.

The City of Rome has partnered with the Department for technical assistance with a Resource Team visit, The Georgia Initiative for Community Housing, becoming a WaterFirst community and creating an Opportunity Zone. The Department has provided financial assistance to help Rome meet its goals through CHIP funds, the Downtown Development Revolving Loan Fund, Low Income Housing Tax Credits, HOME funds, the CDBG program and EDGE funds.

We'd like to offer our sincere thanks and appreciation to the following people:

- Staff of the Greater Rome Chamber of Commerce: Executive Director Al Hodge (also secretary of the DCA Board), Jo Ann Patty, Executive Assistant; Heather Seckman, Director of Economic Development; Ken Wright, Director of Business and Industry Services, and Blake Buford, Communications Coordinator.
- Staff from the City of Rome: Assistant City Manager Sammy Rich, Community Development Supervisor Bekki Fox, Downtown Development Director Ann Arnold, and Director of Environmental Services Eric Lindberg.
- Elowah Terrace Senior Residences and Mercy Housing Southeast
- Andy Johnson, Regional General Manager at the Lowe's Regional Distribution Center in Floyd County.

Their generosity and time provided our board members with an inside view of community development, economic development, and the importance of leadership in building a firm foundation to attract industry. They graciously shared their expertise and left no detail to chance during our visit, and truly defined the "southern hospitality" of which Georgia is so proud.
