## Narratives

### Disaster Damage:

The purpose of the Disaster Recovery funds is to provide for disaster relief of unmet needs resulting from severe weather in the state that occurred during 2008, for which the President declared a major disaster under Title IV of the Stafford Disaster Relief Act. The 2008 federally designated areas eligible for assistance include the counties (and cities within eligible counties) designated pursuant to FEMA designation 1750 (3/20/08) for severe storms and tornadoes which include Bartow, Burke, DeKalb, Floyd, Fulton, Jefferson, and Polk Counties and FEMA designation 1761 (5/23/08) for severe storms and flooding which include Bibb, Carroll, Crawford, Douglas, Emanuel, Glynn, Jefferson, Jenkins, Johnson, Laurens, McIntosh, Treutlen, Twiggs, and Wilkinson Counties.

### Recovery Needs:

Note: The State of Georgia Action Plan For CDBG Supplemental Disaster Recovery Funds has been submitted to HUD and is also available on the Georgia Department of Community Affairs website at <http://www.dca.ga.gov/communities/CDBG/programs/cdbg2008disaster.asp>. Georgia's unmet needs from the 2008 presidentially declared disasters include long-term recovery needs in the areas of multi-family and single-family housing development as well as infrastructure development. Critical areas also include removal of slum and blight that is the needed precursor to redevelopment and sustained economic recovery. In some cases in Georgia, 2008 disasters were compounded by flooding in 2009, making disaster preparation/prevention in these areas even more important. DREF funding will allow Georgia to move forward with both aspects disaster recovery--long-term recovery via reinvestment and planning toward better preparation/prevention when future events occur. Below outlines the specific disaster damage estimates and the need gap remaining to be addressed.

In 2008 Georgia had two large natural disasters. The first, DR 1750 in March, involved a system of severe storms and tornadoes that caused damage across three counties. Estimated insured losses from the Georgia Commissioner of Insurance reached \$250 million. The Georgia Emergency Management Agency states that there were \$35.8 million in Public Assistance Awards and \$5.7 million in Individual Assistance Awards. With \$250 million in damage and \$41.5 million in awards, unmet needs are \$208.5 million.

In May of 2008 the second set of storms and tornadoes hit Georgia, DR 1761. The Georgia Insurance Commissioner's Office first estimated damage at \$50 million, but soon revised that upward to \$100 million in insured losses. The Georgia Emergency Management Agency reports \$25.8 million in Public Assistance Awards and \$4.4 million in Individual Assistance Awards. With \$100 million in damages and \$30.2 in assistance, unmet needs are \$69.8 million.

Between the two disasters there was an estimated \$350 million in damage and \$71.7 million in assistance leaving a total of \$278.3 million in unmet need.
