

4th Quarter 2015 Performance Report

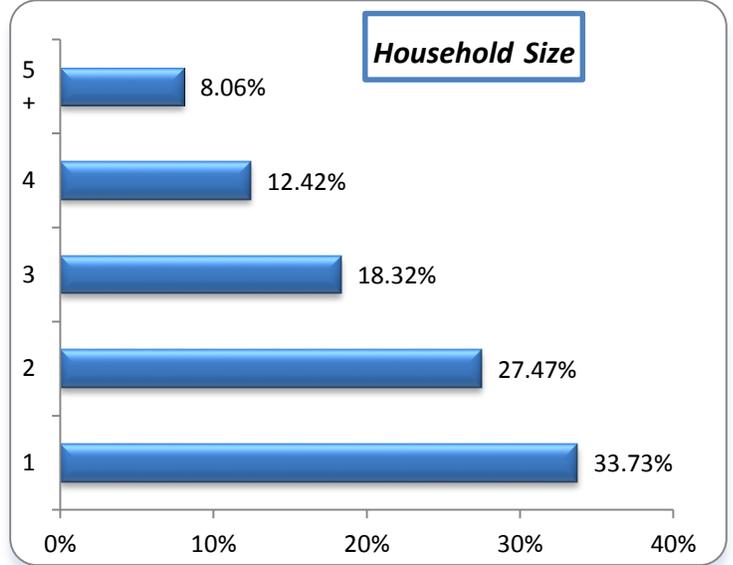

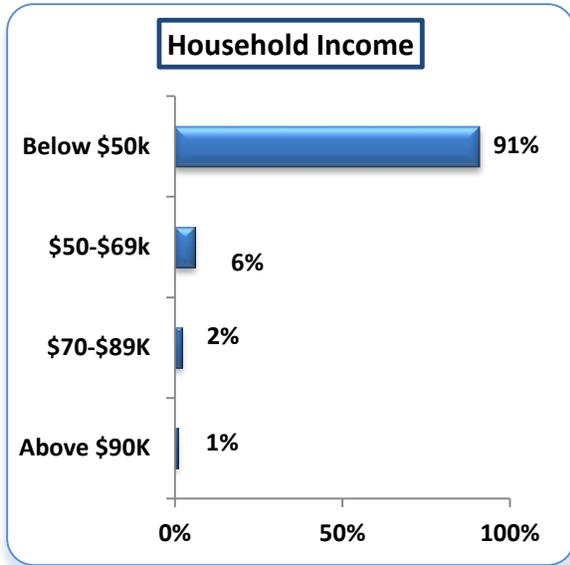

HomeSafe Georgia is a statewide program designed to prevent foreclosure due to unemployment, under-employment or other types of financial hardships. The program is funded by the U.S. Treasury Department and is administered by the Georgia Department of Community Affairs (DCA).

As of the December, 2015, **7,600** individuals and families in 131 of Georgia's 159 counties have received \$168 million in temporary mortgage assistance through HomeSafe Georgia.

Marketing Efforts Reach More Homeowners Statewide

A statewide advertising campaign to promote HomeSafe Georgia continues in major cities around the state affected by foreclosures. Radio ads aired on three urban contemporary radio stations, while billboards and posters erected along major highways and signage placed in buses and transit stations in Savannah, Macon, Augusta and Rome. The campaign also includes ads sent to mobile phones of homeowners in selected counties. The ads include a link to the HomeSafe Georgia website, enabling people to access the program via their mobile phone.

This document describes the Housing Finance Agency (HFA) Hardest-Hit Fund (HHF) data that state HFAs are required to provide to the U.S. Department of the Treasury. It includes quarterly borrower characteristic data and program specific performance data. All HFA HHF data submitted to the U.S. Department of the Treasury must be accurate, complete, and in agreement with retained HFA records. Data should be reported by each state HFA by the 45th day following the quarter.

Data requested in the "Borrower Characteristic" worksheet should be reported in aggregate for all HHF programs run by the state HFA. Program specific data is separated into reporting tabs for each individual program. State HFAs should report program performance data on an individual program basis. A data dictionary has been provided to assist in the definition of each data point.
