Washington, DC 20410

Attention: Continuum of Care Programs

Dear Mr. Johnston:

I am pleased to submit Georgia's Balance of State Continuum of Care, together with forty-three (43) associated applications. Georgia's Continuum of Care covers 152 of Georgia's 159 counties and includes eleven (11) of Georgia's twenty-two (22) entitlement communities.

Again this year, our continuum places an important emphasis upon housing. Of the forty-three projects, twelve (12) are S+C renewals, and twenty-five (25) are for SHP renewals. Of the six (6) new proposals, two (2) are for new SHP transitional housing projects offering new beds and services to 52 persons. There are four (4) new S+C SRA applications requesting 97 units to serve 197 homeless persons with disabilities, including their family members. Seventy-one (71) of these new clients will be "chronically homeless" persons.

We have developed and have attached a map of Georgia that shows counties included in our Balance of State Continuum of Care Plan, as well as counties covered by local continuums. Included on the map is a key that indicates the location of each of the forty-three (43) programs proposed under our Continuum of Care.

In closing, I would like to thank you for your time in review of our Continuum and all associated applications, including those prepared by this Department. We appreciate your continued commitment to housing and serving Georgians who are homeless and in need. Should you have questions, please contact me at any time.

Sincerely,

A handwritten signature in black ink that reads "Mike Beatty".

E: CoC Governing Process Chart

	Yes	No
<p>1. Does the CoC have a separate planning and decision-making body/entity that is broadly representative of the public and private homeless service sectors, including homeless client/consumer interests? If no, please explain.</p> <p><i>The developer of this CoC, the GA Department of Community Affairs, is broadly representative of public/private homeless service sectors, and it includes homeless client/consumer interests. Yet, it appears that the appropriate answer is “no” since it is a state agency, and not a “separate planning and decision-making body.”</i></p>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
<p>2. Is the primary decision-making entity composed of at least 65 percent representation by the private sector (including consumer interests)? If no, please explain.</p> <p><i>The GA Department of Community Affairs is governed by a 21-member board appointed by the Governor. More than 65% of its membership is composed of individuals from the private sector. Other representation is largely made up of local government officials (elected and appointed). While there are no apparent consumer interests within this group, CoC funding priorities are established by the State Homeless Advisory Council, and its membership does include consumer interests.</i></p>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
<p>3. Is the primary decision-making entity membership selected in an open and democratic process by the CoC membership? If no, please explain.</p> <p><i>The GA Department of Community Affairs is governed by a 21-member board appointed by the Governor. CoC funding priorities are established by the State Homeless Advisory Council. Volunteers from this group are solicited among those who do not have a conflict of interest in project selection. Rarely, but occasionally, a review team member will remove himself or herself from discussion and voting when a real or perceived conflict of interest is present.</i></p>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
<p>4. Is there a Chair and Co-Chair representing both the private and public sector at the same time, with staggered 2-year terms and the Chair position rotating between the private and public sectors? If no, please explain.</p> <p><i>The Chair of the Department of Community Affairs serves a one year term and is elected by a majority of the Board.</i></p>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
<p>5. Has the CoC developed a Code of Conduct for the CoC decision-making entity and its Chair and Co-chair? If no, please explain.</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>

	Yes	No
6. The Chair and Co-Chair and all members of the CoC decision-making entity may not participate in decisions concerning awards of grants or provision of financial benefits to such member or the organization that such member represents. Have they recused themselves from considering projects in which they have an interest? If no, please explain.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
7. Does the CoC have a fiscal agent designated to receive funds from HUD? <i>Yes, the GA Housing & Finance Authority, a state PHA attached to the Department of Community Affairs.</i>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
8. If your Continuum has not yet complied with any of the above broad standards for the CoC planning and decision-making process, please describe the extent to which your CoC will meet each guideline by the 2007 competition. <i>The Department of Community Affairs will enter into conversations with HUD on these matters at such time that HUD is able to discuss it and provide guidance. Hopefully, this will be strongly addressed at upcoming HUD CoC meetings.</i>

(1) Indicate date on which Housing Inventory count was completed: 1/26/2006 and 04/07/2006	
(2) Identify the <i>primary</i> method used to complete the Housing Inventory Chart (check one):	
<input checked="" type="checkbox"/>	Housing inventory survey to providers – CoC distributed a housing inventory survey (via mail, fax, or e-mail) to homeless programs/providers to update current bed inventories, target populations for programs, beds under development, etc.
<input type="checkbox"/>	On-site or telephone housing inventory survey – CoC conducted a housing inventory survey (via phone or in-person) of homeless programs/providers to update current bed inventories, target populations for programs, beds under development, etc.
<input type="checkbox"/>	HMIS – Used HMIS data to complete the Housing Inventory Chart
(3) Indicate the percentage of providers completing the housing inventory survey:	
100%	Emergency shelter providers
100%	Transitional housing providers
88%	Permanent Supportive Housing providers
(4) Indicate steps to ensure data accuracy for 2006 Housing Inventory Chart (check all that apply):	
<input checked="" type="checkbox"/>	Instructions – Provided written instructions for completing the housing inventory survey.
<input checked="" type="checkbox"/>	Training – Trained providers on completing the housing inventory survey.
<input checked="" type="checkbox"/>	Updated prior housing inventory information – Providers submitted updated 2005 housing inventory to reflect 2006 inventory.
<input checked="" type="checkbox"/>	Follow-up – CoC followed-up with providers to ensure the maximum possible response rate and accuracy of the housing inventory survey.
<input type="checkbox"/>	Confirmation – Providers or other independent entity reviewed and confirmed information in 2006 Housing Inventory Chart after it was completed.

L-1: Sheltered Homeless Population and Subpopulations

(1) Check the <u>primary</u> method used to enumerate sheltered homeless persons in the CoC (check one):	
<input type="checkbox"/>	Point-in-Time (PIT) <u>no interview</u> – Providers did not interview sheltered clients during the point-in-time count
<input type="checkbox"/>	PIT <u>with interviews</u> – Providers interviewed each sheltered individual or household during the point-in-time count
<input type="checkbox"/>	PIT <u>plus sample of interviews</u> – Providers conducted a point-in-time count and interviewed a random sample of sheltered persons or households (for example, every 5th or 10th person)
<input type="checkbox"/>	PIT <u>plus extrapolation</u> – Information gathered from a sample of interviews with sheltered persons or households is extrapolated to the total sheltered population
<input checked="" type="checkbox"/>	Administrative Data – Providers used administrative data (case files, staff expertise) to complete client population and subpopulation data for sheltered homeless persons
<input type="checkbox"/>	HMIS – CoC used HMIS to complete the point-in-time sheltered count and subpopulation information
<input type="checkbox"/>	Other – please specify:
(2) Indicate steps taken to ensure data of the sheltered homeless enumeration (check all that apply):	
<input checked="" type="checkbox"/>	Instructions – Provided written instructions to providers for completing the sheltered point-in-time count
<input checked="" type="checkbox"/>	Training – Trained providers on completing the sheltered point-in-time count
<input checked="" type="checkbox"/>	Remind and Follow-up – Reminded providers about the count and followed up with providers to ensure the maximum possible response rate and accuracy
<input type="checkbox"/>	HMIS – Used HMIS to verify data collected from providers for the sheltered point-in-time count
<input checked="" type="checkbox"/>	Other – please specify: <i>Most of the shelters, transitional facilities and permanent supportive facilities in the GA Balance of State CoC inventory are funded directly by the Department of Community Affairs (DCA) or GHFA, the attached state housing authority, or they receive funding through the CoC. All DCA grantees are required to keep daily logs of persons in beds, as well as daily logs of persons seeking those beds. These logs are annualized each April in reports to DCA. Additional data is gathered in a shelter survey targeted to non-DCA grantees, this year on 1/26/2006. These data sources are consolidated at that time to determine unmet need.</i>
(3) How often will sheltered counts of sheltered homeless people take place in the future?	
<input type="checkbox"/>	Biennial (every two years)
<input checked="" type="checkbox"/>	Annual
<input type="checkbox"/>	Semi-annual
<input checked="" type="checkbox"/>	Other – please specify: <i>Plans are underway for several geographically diverse point in time counts to take place in January 2007. 100%	Transitional housing providers
88%	Permanent Supportive Housing providers

CoC-L-1

L-2: Unsheltered Homeless Population and Subpopulations*

(1) Check the primary method used to enumerate unsheltered homeless persons in the CoC:	
<input type="checkbox"/>	Public places count – CoC conducted a point-in-time count <u>without</u> client interviews
<input type="checkbox"/>	Public places count with interviews – CoC conducted a point-in-time count and interviewed every unsheltered homeless person encountered during the public places count
<input type="checkbox"/>	Sample of interviews – CoC conducted a point-in-time count and interviewed a random sample of unsheltered persons
<input type="checkbox"/>	Extrapolation – CoC conducted a point-in-time count and the information gathered from a sample of interviews was extrapolated to total population of unsheltered homeless people counted
<input type="checkbox"/>	Public places count using probability sampling – High and low probabilities assigned to designated geographic areas based on the number of homeless people expected to be found in each area. The CoC selected a statistically valid sample of each type of area to enumerate on the night of the count and extrapolated results to estimate the entire homeless population.
<input type="checkbox"/>	Service-based count – Interviewed people using non-shelter services, such as soup kitchens and drop-in centers, and counted those that self-identified as unsheltered homeless persons
<input type="checkbox"/>	HMIS – Used HMIS to complete the enumeration of unsheltered homeless people
<input checked="" type="checkbox"/>	Other – please specify: <i>DCA extensively analyzes daily records showing shelter and transitional housing bed supply vs. demand is used to generate unmet need. Unsheltered and chronic homeless populations are estimated based on assumptions from local censuses and national studies.</i>
(2) Indicate the level of coverage of the point-in-time count of unsheltered homeless people:	
<input type="checkbox"/>	Complete coverage – The CoC counted every block of the jurisdiction
<input type="checkbox"/>	Known locations – The CoC counted areas where unsheltered homeless people are known to congregate or live
<input type="checkbox"/>	Combination – CoC counted central areas using complete coverage and also visited known locations
<input checked="" type="checkbox"/>	Used service-based or probability sampling (coverage is not applicable)
(3) Indicate community partners involved in point-in-time unsheltered count (check all that apply):	
<input type="checkbox"/>	Outreach teams
<input type="checkbox"/>	Law Enforcement
<input type="checkbox"/>	Service Providers
<input type="checkbox"/>	Community volunteers
<input type="checkbox"/>	Other – please specify:
(4) Indicate steps taken to ensure the data quality of the unsheltered homeless count (check all that apply):	
<input type="checkbox"/>	Training – Conducted a training for point-in-time enumerators
<input type="checkbox"/>	HMIS – Used HMIS to check for duplicate information
<input type="checkbox"/>	Other – specify:

<p>Challenges and Barriers: Briefly describe any significant challenges/barriers the CoC has experienced in:</p> <ol style="list-style-type: none"> 1. HMIS implementation 2. HMIS Data and Technical Standards Final Notice requirements <p>The Georgia Balance of State CoC emergency beds are comprised largely of Domestic Violence shelters. Accounting for this data, and working to find a way to include this important data without compromising the restrictions on DV shelters resulting from VAWA funding, is a priority issue for DCA and the Balance of the State Continuum.</p> <p>We have made considerable progress with reducing the issue of cost as a barrier to HMIS participation. After forming a multi-Continuum review team to assess the financial standing of Pathways Community Network, we were able to work with them to dramatically reduce HMIS participation fees. We expect the resolution of this issue to positively impact our participation figures, particularly among permanent supportive housing providers of outreach and housing, and the resulting data.</p> <p>Additionally, we have submitted requirements to our vendor for a more user-friendly, communicative screen design for HMIS data entry. Our new design will make it clear to the users what fields are required and by whom, which should lead to more comprehensive data for use by our agencies, the State, and HUD. A recently developed script has consolidated duplicate records and thereby increased the accuracy of our count and has given us more comprehensive data. Our monthly statewide HMIS meeting has given all Georgia Continua a forum in which to address issues and develop a comprehensive plan for moving the implementation forward.</p> <p>One remaining open issue is that of client consent. As we operate a shared database system, the client must sign (or verbally agree via telephone) an authorization form allowing his/her data to be input into the system. There are very few agencies in which 100% of clients sign the consent form, and agencies working with the CMI and SA populations generally have higher decline rates. We are working with the vendor to determine a way that these individuals can be accounted for while respecting their right to privacy.</p>

An Overview: Georgia Interagency Homeless Coordination Council

On February 11, 2004, Governor Perdue established the GA Interagency Homeless Coordination Council. The Council was charged to, based on earlier Policy Academy recommendations, develop a Homeless Action Plan and to report on its progress annually. The council is co-chaired by Commissioner Mike Beatty of DCA and Commissioner B. J. Walker of DHR.

Goal 3 of the Plan is to “**end the discharge** of institutionalized individuals (to include discharge from **correction** facilities, public **health** or **mental hospitals**, treatment facilities, **foster** care, or juvenile justice programs) directly to homeless facilities which are unprepared and unable to meet the supportive service needs of the individual.” The plan includes actions steps and, recognizing that systems change is more realistically accomplished by measured steps over time, goals are established by the council each year. The following is a summary of accomplishments/protocols established during the past 12 months.

Foster Care:

- Four state departments, DCA, Human Resources (a/k/a DHR, includes rehabilitation services, MH, DD, AD and DFCS), Juvenile Justice and Labor, established the “Match Transition Protocol” in 2002. Match Transition case workers are responsible for comprehensive assessment, pre-planning and monthly follow-up following discharge. The Match case worker is responsible for coordinating benefits and services among all state and local entities.
- DCA is a member of the Youth Transition Protocol Committee that meets monthly around the issues of youth with serious mental illness ageing out of state foster care. DCA has (1) made Section 8 vouchers available to this group (60 issued in past 12 months), and (2) is aggressively working to develop protocols for the production of new permanent supportive housing, and to use those protocols to implement a pilot project utilizing HOME, Section 8 and other resources.
- Recognizing the need for community supports at the time of discharge, the Department of Juvenile Justice has developed pilot post-discharge case management protocols. This effort, in conjunction with current protocols surrounding pre-discharge planning, will improve success among youth in transition.

Health Care:

The GA Balance of State CoC, in its state-wide planning processes, has not identified significant problems associated with the discharge of persons from health care institutions to homelessness, where the persons have been in hospitals (not MH!) for 30 days or longer. Regardless, the need for appropriate housing for persons who are homeless upon entry and exit (days or not overnight, etc.) from medical facilities is severe. The CoC is working to replicate best practices as follows:

- DCA and the Department of Community Health have been actively working to replicate hospital/homeless CoC protocols developed in Savannah, GA. Early in 2006, the St. Vincent de Paul respite center opened in Augusta. Augusta is the home of the Medical College of Georgia, and its affiliate, the MCG Medical Center, and serves many homeless and indigent patients from around the region and the state. The respite center serves the region as a point of discharge for persons who are homeless upon entry and discharge.

Health Care, continued:

- DCA is studying and preparing to duplicate protocols established by the Health Access Initiative (HAI) in Hall County. Established by medical providers, this project coordinates appropriate access to health care, as well as appropriate housing and community services for homeless adults with limited resources. One of HAI's community partners is the Georgia Mountains Community Services Board. As a GHFA S+C sponsor, this organization directly links eligible adults in the program to permanent housing. HAI has successfully established protocols providing a comprehensive safety net with clear portals of entry, a medication assistance program, care management/navigation and permanent housing for many who are homeless with disabilities.
- Due to its easy access from to much of North Georgia, Kennestone Hospital has the busiest emergency room in the state. Cobb County's hospital discharge planning group, comprised of service providers and health care providers, has successfully implemented discharge protocols for homeless patients to regional providers such as Cobb – Douglas CSB and MUST Ministries. DCA participates via GHFA S+C programs in Cherokee and Douglas County. MUST is considering protocols for respite care and housing the medically fragile utilizing S+C funds.

Mental Health:

- To prevent institutional discharge to streets and shelters, DCA and DHR have developed protocols to connect DCA Section 8 vouchers with DHR MH, AD and DD services for persons exiting institutions (where they have been there longer than 30 days). This program began about a year ago with the reservation of approximately 300 vouchers. To date 134 vouchers have been issued – mostly to consumers exiting institutions with severe and persistent mental illness.
- DCA has developed protocols around the production of new PSH and is aggressively marketing this program, particularly in areas of highest need. These new multi-family permanent supportive housing programs are largely financed utilizing HOME and state dollars for construction, mainstream MH services, and Section 8 vouchers for operations. Grove Park opened in Macon during the past 12 months and Pines Family Campus is currently under construction in Valdosta.
- DCA is establishing (with state resources) a new technical assistance training program that will feature professional training and certification for housing-based supportive services providers. Curriculum and certification protocols will be developed by MH professionals from best practices around the state and nation; including Georgia's successful "Peer Support" program and the "Person Centered Planning" protocols established by CUCS – a HUD TA provider.
- DCA, DHR and the Department of Community Health are developing protocols surrounding best practices for utilizing Medicaid waivers in the most cost effective way to provide housing-based support services (as discussed above) for residents of permanent supportive housing.

Corrections:

- DCA, the Board of Pardons and Paroles, the Department of Corrections and the Criminal Justice Coordinating Council have jointly implemented the "Re-Entry Housing Partnership" (RHP) program. DCA is the lead fiscal agent, and Pardons and Paroles have hired a full-time discharge planner dedicated to the program. The RHP program is designed to assist 'job ready' parolees with housing placement, meals and services in the absence of stable family, friends or resources for housing at the time of parole. This program prevents the inappropriate discharge of parolees that often leads directly to homelessness.
- DHR, the Criminal Justice Coordinating Council and DCA have developed protocols for proactive intervention with specific "forensic behavioral health" populations. The focus of this effort is to prevent the cycle of instability that leads to un-necessary homelessness, arrest, incarceration, and/or discharge planning (the 'revolving door').

Part IV: CoC Performance

U: CoC Achievements Chart

Goals	Action Steps	Measurable Achievements
Chronic Homelessness Goals		
<p>Goal 1 – Improve ability, by community, of mainstream and homeless service agencies to expedite SSI and SSDI benefits</p>	<p>a. Study success of first Department of Labor test site in Savannah b. Modify program c. Identify 2 new sites d. Implement program</p>	<p>a. Pilot is ongoing in Savannah. Efforts to date reveal that the Homeless Authority in Savannah may lack appropriate staff resources in order to achieve full success. Going forward, other partners will be developed – including the medical and behavioral health staff of the J. C. Lewis health center b. An additional pilot will begin in Atlanta in August 2006</p>
<p>Goal 2 - Develop on line eligibility tool integrated into HMIS for mainstream benefits, including housing assessments eligibility</p>	<p>a. Obtain requirements from service and affordable/ supportive housing providers, b. Obtain input for on line functionality c. Engage designers d. Test initial system, make modifications e. Full roll-out</p>	<p>a. Developed eligibility tool that utilizes universal and program data elements to determine probable benefits from HUD-defined mainstream homeless programs b. This technology was deployed (rolled-out) by Pathways in September 2005</p>
<p>Goal 3 – Participate in (Federally-sponsored) Policy Academy for Enhancing Access to SSI</p> <p><i>Note: For the future this goal will be collapsed into Goal 1</i></p>	<p>a. Identify Academy membership b. 2 day planning c. 4 day train the trainer program d. Evaluation e. TA on outcomes</p>	<p>a. Developed a State SOAR Planning Team; b. Oct. 05, participated in 2-day planning session resulting in a State Action Plan to Expedite Access to Disability Benefits for Homeless Persons. c. December 05, 2 teams of trainers participated in the SOAR Stepping Stones in Recovery training. d. April 06, Local training began using the Stepping Stones in Recovery curriculum with a model fidelity evaluation by national experts. e. More TA to come</p>

Chronic Homeless Goals, Continued

<p>Goal 4 – Critical Pathways study by 3rd party research institution to assess effectiveness of access to mainstream services by chronically homeless persons</p>	<ul style="list-style-type: none"> a. Comprehensive input b. Develop RFP for study c. Interagency concurrence with RFP d. Engage research institution e. Preliminary report f. Study and findings published 	<ul style="list-style-type: none"> a. Met with GA Tech School of City Planning, and UGA Housing & Consumer Science. b. RFP under development – project slowed because it needs to be coordinated with HMIS implementation, and GA’s implementation, while successful to date, has experienced delays typical of others – protracted development timelines, slow adoption by some McKinney-funded users, training and re-training issues resulting in poor data quality, development expectations , etc.
<p>Goal 5 – New protocols for ESG and HOPWA grantees to assist PSH providers with engagement of, and housing/services to, chronically homeless persons</p>	<ul style="list-style-type: none"> a. Develop contract requirements b. Train grantees on requirements c. Provide technical assistance d. Follow up with PSH and/or ACT teams on referrals e. Monitor for compliance 	<ul style="list-style-type: none"> a. Contracts modified July 2005 requiring DCA-prescribed methods for homeless documentation that will lead to better identification of CH populations b. Extensive state-wide training on homeless documentation and disability verification conducted in February 2006 c. State-wide meeting to be held October 2006 with PSH providers and McKinney/United Way funded ACT teams d. In addition to state-wide efforts, new TA will provide ongoing training – outcomes to be measured by improved monitoring visits
<p>Goal 6 – Develop new Perm. Supportive Housing (using funds for development & ops other than McKinney-Vento) for disabled youth aging out of state’s custody</p>	<ul style="list-style-type: none"> a. Engage MATCH team b. Engage developers through SH Developers Forum and GSTAND (developer’s professional org in GA) c. Identify site(s) d. Work with developer on requirements for project e. Identify Section 8 vouchers, and engage other state agency partnerships f. Initiate project g. Complete project 	<ul style="list-style-type: none"> a. In past 12 months, a DCA/DHR collaborative has provided 60 Section 8 vouchers to youth with disabilities aging out of foster care b. MATCH team members are providing ongoing supports c. DCA is working with Covenant House Georgia to develop a new permanent supportive housing project for this population utilizing HOME funds for development and Section 8 vouchers for operations. Ongoing services to be provided by Covenant House/Match Team

Chronic Homeless Goals, Continued

<p>Goal 7 – State adoption of GA Offender Re-entry Policy Team recommendations</p>	<p>a. Present to State Dept. Heads b. Present to Governor’s staff c. Action by the Governor</p>	<p>a. “Re-Entry Housing Partnership” program designed and initiated by DCA, P&P, Corrections and Juvenile Justice (DJJ) partnership using DJJ funds for placements b. Applications received February 2006 c. Initial placements April 2006 d. Approximately 20 partners and 25 placements to date</p>
<p>Goal 8 – Develop new recuperative shelter in balance of state CoC targeted to homeless persons discharged from primary care hospitals</p>	<p>a. Identify local partnership that must include primary health provider and local hospital(s) b. Assist with study/provide TA from ‘best practice’ providers c. Fund soft costs with State HTF dollars d. Develop project</p>	<p>a. St. Vincent de Paul respite center opened in Augusta (serves region including many BOS CoC communities) in November 2005 b. Additional sites / partnerships being considered include Hall County, Athens (regional) and others</p>
<p>Goal 9 – Develop new community support teams necessary to adequately perform outreach and keep “chronically homeless” persons connected to housing</p>	<p>a. Identify areas of highest need for new assertive community treatment teams b. Engage local behavioral health professionals c. Identify project size and rent asst. d. Procure public/private funds for ACT services e. Complete project</p>	<p>a. Two new S+C projects are “under development” utilizing 2005 CoC funds – one in Clayton Co. by GA Rehab Outreach (approved Samaritan project), and one in Douglas Co. by the Douglas Co. CoC Coalition b. United Way Atlanta funds procured for ACT Teams c. Two (2) new S+C proposed for the 2006 CoC – one in Gwinnett Co. by IMPACT Group (proposed Samaritan project), and another in Douglas Co. by the Douglas Co. CoC Coalition</p>
<p>Goal 10 – Improve HMIS info and referral capability to assist mainstream agencies with identification of chronically homeless persons</p>	<p>a. Develop question and answer protocols b. Review of protocols by Interagency and Advisory Councils, and providers c. HMIS programming d. Testing e. Deployment</p>	<p>a. Revised Pathways HMIS entry screens to provide detailed guidance on eligibility for CH resources – October 2005 b. Prototype ‘housing stability wizard’ has been developed for HMIS that asks fundamental questions regarding housing status c. Prototype is scheduled for development by Pathways</p>

Chronic Homeless Goals, Continued

<p>Goal 11 – Develop new permanent housing utilizing S+C strategy for access by chronically homeless persons</p>	<p>a. Identify local partnership that must include primary (MH) health provider and local hospital(s) b. Assist with study/provide TA from ‘best practice’ providers c. Fund preliminary soft costs with State HTF dollars d. Develop project</p>	<p>a. For this CoC, 97 new units of PSH have been proposed; including a Samaritan project to be operated by IMPACT Group and located in Gwinnett County. Of the total 97 new units, approximately 53 units will be available to 71 (71 or 136 beds) chronically homeless persons. b. For the 2005 CoC, 143 new units of PSH were awarded; including a Samaritan project to be operated by GRO. Of the total 143 new units 62 units (62 of 143 beds) will be for chronically homeless persons.</p>
<p>Other Homelessness Goals</p>		
<p>Goal 1 – Market advanced HMIS tools for I/R, benefits eligibility, etc. in order to expand HMIS to mainstream, non-HUD McKinney-Vento @ DOE, FEMA, etc., faith, help line, prevention, etc. programs</p>	<p>a. Hold discussions with agencies b. Develop preliminary plans for enhancements to HMIS system c. Present to Interagency and Advisory Councils for comment d. Design e. Testing f. Roll-out</p>	<p>a. Mainstream Benefits eligibility and IR functionality was deployed by Pathways in February 2006 b. Beginning February 2006 HMIS is being used in conjunction with a pilot project being implemented by the United Way 211 “First Call for Help” project in Valdosta. This project identifies homeless callers through a series of optional questions. When homelessness is identified, case management begins through an SHP SSO project. Widespread adoption of HMIS by mainstream agencies will lead to improved data for analysis by HUD, state and local governments c. Many faith-based assistance programs have committed to use the advanced case management features of Pathways and have committed to HMIS implementation</p>

Other Homeless Goals, Continued

<p>Goal 2 – Adopt Academy recommendations for “Action Plan for Families with Children Experiencing Homelessness in Georgia”</p>	<p>a. Draft Action Plan for review by full policy academy team b. Briefing of agency sponsors c. Re-convene in-state academy d. Presentation to State Interagency Council e. Endorsement by Governor</p>	<p>a. Action Plan Completed and adopted to include 5 priorities (1) Public support (complete) (2) Design universal data collection and analysis for state departments (DHR, DCA, DCH, Labor and Education) (in process) (3) Advocate for mainstream benefits to families and children (pending) (4) Expand affordable housing (two new TH projects in this CoC) (5) Appropriate ‘person centered’ planning for supportive services (to be developed with previously described training initiatives)</p>
<p>Goal 3 – Develop and implement enhanced TA programs targeted to the 200 (+/-) HUD McKinney-Vento-funded homeless providers in GA in order to enhance compliance with program requirements</p>	<p>a. Focus with Homeless Advisory Council to develop training topics and goals b. Seek training partner(s) from college(s) and/or technical school(s) c. Develop curriculum (org development, financial mgmt, HQS, rent calculations, case mgmt., etc.) and scope of training d. Finalize costs and seek funding e. Implement program</p>	<p>a. DCA presented this new TA program during its budget process in March 2006. b. Funding approved for state-funded TA Coordinator position c. Position is being advertised in May 2006 to be filled July 1, 2006 d. New Training Coordinator will develop curriculum to further CoC objectives as funds are available e. TA coordinator will be responsible for designing curriculum, procuring trainers, building collaborative partners and program funding</p>
<p>Goal 4 - Engage state DOE McKinney-Vento-funded social workers to increase the availability of emergency shelter and transitional housing in two (2) under-served, perhaps rural, areas</p>	<p>a. Determine communities with inadequate homeless resources and identify project sponsors and funding sources to bridge those gaps. b. Explore ‘housing first,’ ‘Interfaith Hospitality,’ voucher-based and other models to reduce costs or to meet lower demand needs c. Assist applicants to enhance their org capacity, and to successfully compete for state and federal funds by offering a wide range of TA (see Goal 3)</p>	<p>a. The Dalton – Whitfield CDC implemented a project in February 2006 with ESG funds to provide transitional housing for families referred by school system McKinney personnel. These same personnel will provide supportive services b. The GA DOE McKinney director participated in the “Action Plan for Families with Children Experiencing Homelessness in Georgia” and much of this work will be collaborative with DOE c. DCA and DOE will continue to explore local needs and seek collaborative partners</p>

Y: Enrollment and Participation in Mainstream Programs Chart

It is fundamental that your CoC *systematically* helps homeless persons identify, apply for and follow-up to receive benefits under **SSI, SSDI, TANF, Medicaid, Food Stamps, SCHIP, WIA, and Veterans Health Care** as well as **any other State or Local program that may be applicable**. Which policies are currently in place in your CoC to help clients secure these mainstream benefits for which they are eligible?

Check those activities implemented by a majority of your CoC's homeless assistance providers (check all that apply):	
<input checked="" type="checkbox"/>	A majority of homeless assistance providers have case managers systematically assist clients in completing applications for mainstream benefit programs.
<input checked="" type="checkbox"/>	The CoC systematically analyzes its projects' APRs to assess and improve access to mainstream programs.
<input checked="" type="checkbox"/>	The CoC contains a specific planning committee to improve CoC-wide participation in mainstream programs.
<input type="checkbox"/>	A majority of homeless assistance providers use a single application form for four or more of the above mainstream programs.
<input checked="" type="checkbox"/>	The CoC systematically provides outreach and intake staff specific, ongoing training on how to identify eligibility and program changes for mainstream programs.
<input checked="" type="checkbox"/>	The CoC has specialized staff whose only responsibility is to identify, enroll, and follow-up with homeless persons on participation in mainstream programs.
<input checked="" type="checkbox"/>	A majority of homeless assistance providers supply transportation assistance to clients to attend mainstream benefit appointments.
<input checked="" type="checkbox"/>	A majority of homeless assistance providers have staff systematically follow-up to ensure that mainstream benefits are received.
<input checked="" type="checkbox"/>	The CoC coordinates with the State Interagency Council(s) on Homelessness to reduce or remove barriers to accessing mainstream services.

	1	2
1 Does your state, either in its planning and zoning enabling legislation or in any other legislation, require localities regulating development have a comprehensive plan with a “housing element?” If no, skip to question # 4	<input type="checkbox"/> No	<input checked="" type="checkbox"/> Yes
2. Does you state require that a local jurisdiction’s comprehensive plan estimate current and anticipated housing needs, taking into account the anticipated growth of the region, for existing and future residents, including low, moderate, and middle income families, for at least the next five years?	<input type="checkbox"/> No	<input checked="" type="checkbox"/> Yes
3. Does your state’s zoning enabling legislation require that a local jurisdiction’s zoning ordinance have a) sufficient land use and density categories (multifamily housing, duplexes, small lot homes and other similar elements); and, b) sufficient land zoned or mapped in these categories, that can permit the building of affordable housing that addresses the needs identified in the comprehensive plan?	<input checked="" type="checkbox"/> No	<input type="checkbox"/> Yes
4. Does your state have an agency or office that includes a specific mission to determine whether local governments have policies or procedures that are raising costs or otherwise discouraging affordable housing?	<input checked="" type="checkbox"/> No	<input type="checkbox"/> Yes
5. Does your state have a legal or administrative requirement that local governments undertake periodic self-evaluation of regulations and processes to assess their impact upon housing affordability address these barriers to affordability?	<input checked="" type="checkbox"/> No	<input type="checkbox"/> Yes
6. Does your state have a technical assistance or education program for local jurisdictions that includes assisting them in identifying regulatory barriers and in recommending strategies to local governments for their removal?	<input type="checkbox"/> No	<input checked="" type="checkbox"/> Yes
7. Does your state have specific enabling legislation for local impact fees? If no skip to question #9.	<input type="checkbox"/> No	<input checked="" type="checkbox"/> Yes
8. If yes to the question #7, does the state statute provide criteria that sets standards for the allowable type of capital investments that have a direct relationship between the fee and the development (nexus) and a method for fee calculation?	<input type="checkbox"/> No	<input checked="" type="checkbox"/> Yes

<p>9. Does your state provide significant financial assistance to local governments for housing, community development and/or transportation that includes funding prioritization or linking funding on the basis of local regulatory barrier removal activities?</p>	<input checked="" type="checkbox"/> No	<input type="checkbox"/> Yes
<p>10. Does your state have a mandatory state-wide building code that a) does not permit local technical amendments and b) uses a recent version (i.e. published within the last five years or, if no recent version has been published, the last version published) of one of the nationally recognized model building codes (i.e. the International Code Council (ICC), the Building Officials and Code Administrators International (BOCA), the Southern Building Code Congress International (SBCI), the International Conference of Building Officials (ICBO), the National Fire Protection Association (NFPA)) without significant technical amendment or modification? Alternatively, if the state has made significant technical amendment to the model code, can the state supply supporting data that the amendments do not negatively impact affordability?</p>	<input type="checkbox"/> No	<input checked="" type="checkbox"/> Yes
<p>11. Has your jurisdiction adopted specific building code language regarding housing rehabilitation that encourages such rehabilitation through graduated regulatory requirements applicable as different levels of work are performed in existing buildings? Such code language increases regulatory requirements (the additional improvements required as a matter of regulatory policy) in proportion to the extent of rehabilitation that an owner/developer chooses to do on a voluntary basis. For further information see HUD publication: “<i>Smart Codes in Your Community: A Guide to Building Rehabilitation Codes</i>” (www.huduser.org/publications/destech/smartcodes.html)</p>	<input type="checkbox"/> No	<input checked="" type="checkbox"/> Yes
<p>12. Within the past five years has your state made any changes to its own processes or requirements to streamline or consolidate the state’s own approval processes involving permits for water or wastewater, environmental review, or other State-administered permits or programs involving housing development. If yes, briefly list these changes. <i>DCA notifies local governments of environmental review and permit requirements early on in the development process so that environmental issues can be resolved as soon as possible in order to expedite the development process.</i></p>	<input type="checkbox"/> No	<input checked="" type="checkbox"/> Yes
<p>13. Within the past five years, has your state (i.e., Governor, legislature, planning department) directly or in partnership with major private or public stakeholders, convened or funded comprehensive studies, commissions, or panels to review state or local rules, regulations, development standards, and processes to assess their impact on the supply of affordable housing?</p>	<input type="checkbox"/> No	<input checked="" type="checkbox"/> Yes
<p>14. Within the past five years, has the state initiated major regulatory reforms either as a result of the above study or as a result of information identified in the barrier component of the states’ “Consolidated Plan submitted to HUD?” If yes, briefly list these major regulatory reforms.</p>	<input checked="" type="checkbox"/> No	<input type="checkbox"/> Yes

<p>15. Has the state undertaken any other actions regarding local jurisdiction's regulation of housing development including permitting, land use, building or subdivision regulations, or other related administrative procedures? If yes, briefly list these actions.</p> <p><i>Under the Minimum Standards and Procedures for Local Comprehensive Planning Act, effective January 1, 2004, and adopted under the Georgia Planning Act of 1989, the State requires that all but the smallest local governments (e.g., counties with populations under 15,000) "evaluate the impact of the jurisdiction's decisions regarding land use patterns, zoning, subdivision ordinances, infrastructure, taxation/fee structure, and design standards on housing needs and on availability, affordability, and mix of housing provided in the community."</i></p>	<input type="checkbox"/> No	<input checked="" type="checkbox"/> Yes
