Economic Development Finance Professional Certification Program

Build Capacity with NDC's Four-Course Professional Certification

The National Development Council's 4-course Economic Development Finance Professional (EDFP) Certification Program is a rigorous and comprehensive training series designed solely for economic development practitioners. Participants learn the tools and techniques of the trade to build the capacity they need to successfully create jobs and translate economic development opportunities into results for their communities. Topics include business credit and real estate finance analysis, loan packaging, negotiating, problem solving, deal structuring and more!

BB&T is pleased to bring NDC's professional training to community development practitioners in Georgia and Alabama.
