

## A RESOLUTION

WHEREAS, the CSRA Regional Commission is required to annually review and update the CSRA RC's Annual Regional Work Program; and

WHEREAS, a copy of the CSRA RC's Annual Regional Work Program must be submitted to the Georgia Department of Community Affairs for review; and

WHEREAS, the Regional Commission Board of Directors is required to officially adopt the updated Regional Work Program after its approval by the Georgia Department of Community Affairs.

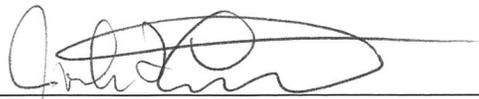

WHEREAS, the Georgia Department of Community Affairs has reviewed and endorsed the CSRA RC's Annual Work Program for 2016-2021.

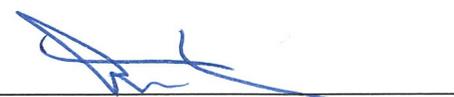

NOW, THEREFORE, BE IT RESOLVED, that the Council of the Central Savannah River Area Regional Commission does hereby adopt the CSRA Regional Commission's Annual Regional Work Program for 2016-2021 as herein attached.

BE IT FURTHER RESOLVED that Andy Crosson, Executive Director of the CSRA RC, is instructed by the Board of Directors to forward a copy of this resolution acknowledging the official adoption of the Annual Regional Work Program to the Georgia Department of Community Affairs.

---

I hereby certify that the above and foregoing resolution was duly adopted by the Central Savannah River Area Regional Commission's Board of Directors in regular session on the 27<sup>th</sup> Day of October, 2016 and recorded in the official minutes of the Central Savannah River Area Regional Commission.

## CSRA-RC REGIONAL PLAN 2035 UPDATE

### Issues and Opportunities

This section of the Central Savannah River Area Regional Plan 2035 includes a list featuring Issues and Opportunities for the CSRA region. This list was used to formulate the succeeding elements of the regional plan including the Performance Standards and Regional Work Program.

This list contains generally applicable issues and opportunities which are relevant to rural or urban areas. This is completed by the organization of a list rather than fundamental distinction between the different types of issues and opportunities.

This list is included in this document in order for the reader to cross-reference the issues and opportunities in the Report of Accomplishments section through the letter and numbering system.

CSRA-RC REGIONAL PLAN 2035 UPDATE: List of Issues and Opportunities

Central Savannah River Area - ISSUES AND OPPORTUNITIES

Topic: Population / Demographics

P1.	Issue: The area’s population is projected to grow 27 percent by 2035, to a total of 575,000, creating demand for new housing and potentially contributing to additional sprawl and added cost for local governments.
P2.	Issue: Population growth is not evenly distributed. Augusta and Columbia County have seen population growth, while eight of the 11 rural counties have lost population.
P3.	Issue: Much of the population growth in all areas is taking place away from existing infrastructure, creating additional short- and long-term costs for local governments.
P4.	Issue: Household incomes lag behind the state average.
P5.	Issue: The CSRA is aging rapidly. The proportion of residents 45 years and older has increased 10 percent since 1990, while the proportion of residents under 29 years declined by 8 percent.
P6.	Opportunity: Demand for housing creates the opportunity to reinvest in existing residential neighborhoods and to create new places that offer a high quality of life while conserving resources and reducing financial pressure on local governments.
P7.	Opportunity: Maximize the value of new development by designing it in a way that minimizes long-term infrastructure costs.
P8.	Opportunity: Lower labor costs create the opportunity to attract new industries – if workforce training is adequate.
P9.	Opportunity: The demand for medical and other services for the elderly will grow. Future seniors also likely will look for an environment that allows them to stay active, creating demand for walkable, mixed-use neighborhoods.

Topic: Population / Demographics - Rural Issues and Opportunities

P10.	Issue: Of the development that is occurring, much is not occurring within city boundaries. In many cases, infrastructure and services to support development are lacking or are created at high cost.
P11.	Issue: Relatively little diversity in housing stock.
P12.	Opportunity: Rural counties and towns can leverage their unique attributes to attract or retain residents and investment. A focus can be placed on improving existing neighborhoods and infrastructure.

Topic: Population / Demographics - Urban Issues and Opportunities

P13.	Issue: In some areas, population growth threatens to out-pace the ability to provide services.
P14.	Opportunity: In some areas, redevelopable land creates the opportunity to locate housing closer to places to work and shop.

## CSRA-RC REGIONAL PLAN 2035 UPDATE: Issues and Opportunities

### Topic: Housing

H1.	Issue: Housing is generally affordable, but a significant amount of housing in the region is of poor quality.
H2.	Issue: Current housing stock does not meet changing demographics and consumer preferences, both of which are leading to demand for smaller units.
H3.	Issue: While housing itself is affordable, much of it is located far from workplaces. When considering the combined costs of housing and transportation, the housing burden for residents is higher.
H4.	Opportunity: Certain types of housing stock, such as mobile homes, can be replaced with higher-quality housing over time. Using traditional community designs with smaller lots means the cost of new housing need not be burdensome.
H5.	Opportunity: Transportation costs (both for government and individuals) can be taken into account when planning land development. Future development can include more of a focus on mixing residential uses with retail and office uses. Infill development can be encouraged.

### Topic: Housing - Rural Issues and Opportunities

H6.	Issue: In many areas, a large percentage of housing is in the form of mobile homes, which provide an affordable alternative but which tend to deteriorate relatively quickly. Many are abandoned or in poor condition.
H7.	Opportunity: Job growth in some areas, such as around Plant Vogtle in Burke County, is generating demand for new housing.

### Topic: Housing - Urban Issues and Opportunities

H8.	Issue: Some neighborhoods are struggling with disinvestment. Vacant and dilapidated housing is a problem.
H9.	Opportunity: A growing preference toward urban living among some age groups creates additional demand for traditional neighborhoods.

### Topic: Economic Development

E1.	Issue: the CSRA's job base is shifting. The service sector now accounts for 60 percent of all CSRA jobs, an increase of 20 percent since 1990.
E2.	Issue: Many jobs are low-wage.
E3.	Opportunity: The medical sector is a major employer in the region and is likely to continue to grow in the future. Opportunities may exist to build on the current medical sector in new ways and places.
E4.	Opportunity: The region's low cost of living and low wages offer the opportunity to attract new industries.

### Topic: Economic Development - Rural Issues and Opportunities

E5.	Issue: Employment trends are uneven, with the urbanized area adding jobs while many rural counties continue to lose jobs. The issue is not Georgia-specific, as agricultural consolidation and mechanization have been draining jobs away from rural counties for decades, but it presents a problem for rural counties.
E6.	Issue: Options for dining, shopping and other services are limited in some parts of region.
E7.	Issue: Many downtowns in rural counties need revitalization.
E8.	Opportunity: Rural areas may lack some infrastructure but may possess other strengths not found in urban areas.
E9.	Opportunity: Many industrial parks have additional space available for development.

### Topic: Economic Development - Urban Issues and Opportunities

E10.	Issue: The employment base needs to be diversified.
E11.	Issue: Some goods and services are not easily accessible in some neighborhoods.

## CSRA-RC REGIONAL PLAN 2035 UPDATE: Issues and Opportunities

### Topic: Land Use

L1.	Issue: Growth in recent decades has taken the form of sprawl well beyond city and town centers. As transportation costs increase, the need to more closely align residences and workplaces becomes more pressing.
L2.	Issue: Suburban growth continues to encroach on Fort Gordon, potentially hindering the facility's mission in the future.
L3.	Issue: The location of schools, parks and other facilities often is made without regard to whether the surrounding area is ideal for the development the facilities will encourage.
L4.	Opportunity: Many local governments are allowing or encouraging a greater mix of uses in new development. Relatively low land costs creates the opportunity for infill development in urban areas.

### Topic: Land Use - Rural Issues and Opportunities

L5	Issue: There is a growing conflict in many areas between traditional agricultural uses and suburban residential uses.
----	---

### Topic: Land Use - Urban Issues and Opportunities

L6.	Issue: Changing demographics and consumer preferences (especially among younger residents) is creating relatively less demand for low-density suburban living and greater demand for more urban living.
L7.	Issue: Land use patterns in many cases continue to separate uses. The inability to walk to destinations is contributing to a lack of activity and growing obesity levels.
L8.	Opportunity: Existing neighborhoods can be made more attractive through targeted investments, while infill development can provide additional housing opportunities.

### Topic: Transportation

T1.	Issue: Interstates 20 and 520, as well as U.S. 1 and U.S. 25 link the CSRA's major cities to each other as well as to the state's major cities, such as Atlanta, Macon, and Savannah. However, the road system does not fully meet needs throughout the region, with some areas not served by highways.
T2.	Issue: While the transportation system serves automobiles relatively well, it is less friendly to other users. Many streets are designed only with vehicle traffic in mind, making them unsafe or unpleasant for pedestrians and cyclists.
T3.	Issue: Development patterns in many cases continue to separate uses and rely on arterial roads to make connections. These two factors limit mobility for many residents and contribute to inactivity and growing obesity levels for children and adults in the region.
T4.	Opportunity: Some economic activity is less dependent on highway access. Focusing on other attributes not present in other areas could help improve competitiveness.
T5.	Opportunity: As roads are repaved or other improvements are made, the opportunity exists to create new or improved facilities for cyclists and pedestrians.

### Topic: Transportation - Rural Issues and Opportunities

T6.	Issue: Lack of sidewalks along some main roads and commercial corridors.
T7.	Issue: Lack of a transit system with predictable service.

### Topic: Transportation - Urban Issues and Opportunities

T8.	Issue: There is a lack of street connectivity in many suburban areas.
T9.	Issue: The presence of sidewalks is spotty in many suburban areas.
T10.	Issue: Transit system lacks frequency and a complete network of destinations.
T11.	Opportunity: Growing interest in bicycling creates support for creating networks of trails and lanes and can create a "safety in numbers" effect that will encourage more cycling.

**CSRA-RC REGIONAL PLAN 2035 UPDATE: Issues and Opportunities**

**Topic: Community Facilities**

F1.	Issue: Most areas of the CSRA outside of the urbanized parts of Columbia and Augusta-Richmond Counties lag in both choice and quality of broadband service. Most of these areas are not served by any land broadband service provider, making slower satellite internet service the only option.
F2.	Issue: Many neighborhoods do not have easy access to parks and playgrounds. Many facilities are built at a large scale and in remote areas rather than as neighborhood facilities.
F3.	Issue: Many playgrounds contain outdated equipment and designs.
F4.	Issue: A focus on expansion rather than rehabilitation of infrastructure has led to a growing financial burden and increasing maintenance issues for many communities.
F5.	Issue: The siting and design of new schools adds to demands on the transportation system by placing them in areas accessible only by cars, generating more trips and adding to trip length.
F6.	Opportunity: The CSRA RC considers broadband the region's top infrastructure priority and has been aggressively pursuing state and federal funding to remedy this deficiency by extending broadband infrastructure to areas of the region that currently lack it.
F7.	Opportunity: Efforts can be made to improve the walkability of schools and surrounding areas. Increasing consumer demand for urban neighborhoods can play a role in the location of school facilities.

**Topic: Community Facilities - Rural Issues and Opportunities**

F8.	Issue: In some areas, multiple water and sewer providers do not achieve efficiencies of scale. Smaller providers face financial difficulties.
F9.	Issue: Development is limited in some areas due to the condition of water and sewer infrastructure.
F10.	Issue: Recreational opportunities are limited in some areas.
F11.	Opportunity: Land already held publicly could be used for more recreational activities.

**Topic: Community Facilities - Urban Issues and Opportunities**

F12.	Issue: Storm-water drainage is a problem in some areas.
F13.	Issue: Some playgrounds need to be modernized.
F14.	Opportunity: Recycling programs can diminish the need for waste disposal.

**Topic: Natural and Cultural Resources**

R1.	Issue: Many historic buildings are in poor condition and in danger of being lost.
R2.	Issue: Suburban development continues to occupy prime farmland.
R3.	Issue: Development around watersheds in several counties has the potential to affect water quality.
R4.	Issue: The CSRA has a rich history and counts no less than 184 properties and districts listed in the National Register of Historic Places, including National Historic Landmarks, State Historic Parks and Sites. Most of these resources, however, lack preservation plans.
R5.	Opportunity: Farmland and forests continue to dominate the landscape. Timber is a major industry in the area, and farmland makes up 22 percent of the area's land mass.
R6.	Opportunity: The region's aquifers, rivers and lakes provide abundant water resources. Monitoring efforts and watershed protection measures can protect those resources for future generations.
R7.	Opportunity: Growing interest in historic neighborhoods and places is generating new resources for preserving historic buildings. Agencies, including the Regional Commission, are able to create preservation plans and provide other assistance in protecting these resources.

## CSRA-RC REGIONAL PLAN 2035 UPDATE: Issues and Opportunities

### Topic: Natural Resources - Rural Issues and Opportunities

R8.	Issue: In many cases, no distinction is made between areas that should remain rural and other areas.
R9.	Opportunity: Abundant wetlands and floodplain areas offers the opportunity for green space preservation in new developments.
R10.	Opportunity: Agricultural history contributes to identity.

### Topic: Natural Resources - Urban Issues and Opportunities

R11.	Issue: There is a growing conflict in many areas between traditional agricultural uses and suburban residential uses.
R12.	Opportunity: A growing interest in preservation and in urban living may create additional opportunities to revitalize historic neighborhoods.

### Topic: Intergovernmental Coordination

I1.	Issue: Coordination between different local governments with respect to land use is not always present.
I2.	Issue: Economic development is often best viewed and pursued at a regional scale, but that sometimes is not the case in reality.
I3.	Opportunity: The Regional Commission provides regional planning services and an avenue for governments to address conflicting visions.
I4.	Opportunity: The CSRA RC provides a means for greater coordination. It serves as the Economic Development District for the region and serves as the coordinating mechanism for the CSRA Unified Development Council and Unified Development Authority, which provide marketing, development coordination and other services for the region.
I5.	Opportunity: There may be additional opportunities to consolidate government services.

### Topic: Intergovernmental Coordination - Rural Issues and Opportunities

I6.	Issue: Rural areas may not share the same needs and goals of more urbanized areas.
-----	--

### Topic: Intergovernmental Coordination - Urban Issues and Opportunities

I7.	Issue: Urban areas may not share the same needs and goals of more rural areas.
I8.	Opportunity: Previous consolidation has set a potential example for future service consolidation.

## CSRA-RC REGIONAL PLAN 2035 UPDATE

### FY 2015 Regional Work Program Report of Accomplishments

This section of the Central Savannah River Area Regional Plan 2035 is a list of activities that have been completed, are currently underway, have been postponed or have not been accomplished. Activities listed are separated into the following categories:

- Economic Development
- Rural Industry / Resource Management
- Housing
- Community Facilities
- Land Use
- Areas Facing Intense Development Pressures
- Areas That Can Sustain Higher Densities
- Fort Gordon
- Potential Water Cooperation
- Performance Standards
- Regional Commission Review

The following list contains an activity, the issues and opportunity it is supporting, timeline of the activity, the organization responsible for carrying out the activity, a cost estimate, potential funding source, current status, and estimated time of completion.

**CSRA-RC REGIONAL PLAN 2035 UPDATE:**  
**FY 2015 Regional Work Program Report of Accomplishments**

ECONOMIC DEVELOPMENT							
Issues/ Priorities	Activity	Timeline	Responsibility	Cost Estimate	Fund Source	Status	Estimated Completion
P2, P4, P5, E3, E4, E10, R10	Assist and train local economic developers and community leaders in marketing, dealing with prospects, forming incentive packages, and strategic planning. <sup>1</sup>	2015-2020	RC, LG, GADEcD	N/A	N/A	On-going	2020
P9, E4, E8, I2	Cooperate with state agencies in marketing efforts.	2015-2020	RC, LG, GADEcD	N/A	N/A	On-going	2020
P2, P4, E1, E2, E5, E9, I2	Support major regional projects such as the Warren County Regional Industrial Park for Georgia Ready for Accelerated.	2015-2020	RC, LG, GADEcD	\$2,000	RC, LG	On-going	2020
E1, E10, E11	Promote economic development tax incentives through the creation of enterprise and opportunity zones.	2015-2020	RC, LG, GA-DCA	N/A	RC, LG	On-going	2020
E5	Support activities that develop water/sewer and transportation infrastructure. <sup>2</sup>	2015-2020	ARDA, RC, GADEcD	\$5,000	RC, ARDA, GDOT	On-going	2020
E5, I4, I5, I8	Foster and support economic growth through regional cooperation opportunities to share infrastructure (both conventional and technological) development across county boundaries.	2015-2020	RC, ARDA, GADEcD	N/A	RC, LG	On-going	2020
E2, E10, R5	Support activities that encourage the development of infrastructure with the intent of attracting "Green" industries (i.e. Alternative fuels, environmentally sustainable manufacturing, etc.)	2015-2020	RC, ARDA, GADEcD	N/A	RC, LG	On-going	2020
E5, E6, E7	Support and encourage downtown tourism and business attraction. <sup>3</sup>	2015-2020	RC, GADEcD	N/A	RC, LG, GA-DCA	On-going	2020

E5, E6, E7, T4	Assist in developing and promoting Main Street, Better Hometown, and similar programs. <sup>4</sup>	2015-2020	RC, GADEcD	N/A	RC, LG, GA-DCA	On-going	2020
E9, E10, E11, R1	Assist in developing and implementing downtown master plans, urban redevelopment plans, revitalization area strategies and similar documents in eligible downtowns where requested. <sup>5</sup>	2015-2020	RC, DCA, GADEcD	\$15,000 - \$50,000 Per Plan	RC, LG, GA-DCA	On-going	2020
E5	Develop and implement training opportunities for unemployed or underemployed residents for the purpose of bolstering the local workforce through workforce development program. Also provide leadership training and work-ready skills for individuals 14-21 years old. <sup>6</sup>	2015-2020	RC, LG GADEcD	Staff time	RC, LG,	On-going	2020

Highlights: *ECONOMIC DEVELOPMENT*

<sup>1</sup> The CSRA UDA and ARDA, with CSRA RC working with them, provided a series of training events in 2015 for Economic Development Authority Staff Members and Boards in the CSRA.

<sup>2</sup> Regional Commission staff assisted the City of Wadley and City of Louisville in receiving CDBG funds for infrastructure improvements.

<sup>3</sup> RC staff are currently researching funds for park creation in downtown Sandersville; CSRA RC staff also assisted Washington County with the creation of a Tourism Product Development Report.

<sup>4</sup> RC staff have discussed these programs with communities during the comprehensive plan process and included applying to the aforementioned programs in the plan when appropriate. Staff also assisted one community in applying for Plan First designation.

<sup>5</sup> The Millen Urban Redevelopment Plan created by RC staff has begun implementation; Washington County in conjunction with City of Sandersville built a public splash pad. Also a Revitalization Area Strategy was awarded for City of Washington.

<sup>6</sup> Burke Build is a pilot program started by the CSRA Regional Commission's Department of Workforce and Economic Development and local community partners that include the Burke County Board of Education, Southeastern Carpenters Regional Council, Job Training Unlimited, Burke County Transit, and Walton Options. The intent of the Burke Build Project is to provide youth, ages 16-24 the opportunity to obtain their high school diploma or GED, obtain Construction training and credentialing, participate in occupational skills training/on the job training, and obtain employment and/ or enroll in post-secondary education after completing Burke Build.

**CSRA-RC REGIONAL PLAN 2035 UPDATE:  
FY 2015 Regional Work Program Report of Accomplishments**

**RURAL INDUSTRY / RESOURCE MANAGEMENT**

Issues/ Priorities	Activity	Timeline	Responsibility	Cost Estimate	Fund Source	Status	Estimated Completion
P2, E5	Create a diversification plan or series of strategies that promote the development of other economic activities.	2015-2020	Cities, Counties, Chambers, Development Authorities, RC	\$20,000	Cities, Counties, Chambers, Development Authorities, RC, GADEcD	On-going	2020
E5	Maximize alternative uses for kaolin resources.	2015-2020	Cities, Counties, Chambers, Development Authorities, RC	Staff time	Cities, Counties, Chambers, Development Authorities, RC, GADEcD	On-going	2020
E5, L5, R5	Support initiatives that enable the diversification of the silviculture/wood products industries.	2015-2020	Cities, Counties, Chambers, Development Authorities, RC	Staff time	Cities, Counties, Chambers, Development Authorities, RC, GADEcD	On-going	2020
E5, R5	Work to build on the potential for biomass energy as an export.	2015-2020	Cities, Counties, Chambers, Development Authorities, RC	Staff time	Cities, Counties, Chambers, Development Authorities, RC, GADEcD	On-going	2020
L5, R3, R5, R6	Balance between resource extraction and resource/land conservation.	2015-2020	Cities, Counties, Chambers, Development Authorities, RC	Staff time	Cities, Counties, Chambers, Development Authorities, RC, GADEcD	On-going	2020
P2, E5	Participate or lead local planning, grant writing, or program administration related to local tourism. <sup>1</sup>	2015-2020	Cities, Counties, Chambers, CVBs, Development Authorities, RC	\$5,000-\$30,000	LG, GA-DCA, GA-DNA. Private Foundations	On-going	2020
F10, F11	Encourage the preservation of recreational and economic development opportunities along the Savannah and Oconee Rivers. <sup>2</sup>	2015-2020	Cities, Counties, Chambers, Development Authorities, RC	Staff Time	Cities, Counties, Chambers, Development Authorities, RC, GADEcD	On-going	2020

**Highlights: RURAL INDUSTRY**

<sup>1</sup> RC staff assisted Kettle Creek Battlefield in receiving a recreational trails grant. They also assisted with the CLG grant for the Nasa School project for windows.

<sup>2</sup> Part of the Washington Tourism plan targets preservation. Additionally, the county comprehensive plan includes a river preserve character area.

**CSRA-RC REGIONAL PLAN 2035 UPDATE:  
FY 2015 Regional Work Program Report of Accomplishments**

HOUSING							
Issues/ Priorities	Activity	Timeline	Responsibility	Cost Estimate	Fund Source	Status	Estimated Completion
P12, H1, H6, H8	Coordinate with state and local agencies to develop housing action plans.	2015-2020	Cities, Counties, RC	\$8,000	DCA, LG, GHFA	On-going	2020
H1, H7	Partner with developers to encourage housing development.	2015-2020	Cities, Counties, RC	Staff time	LG Incentives	On-going	2020
H2, H3, H7, H9	Encourage housing development along existing corridors.	2015-2020	Cities, Counties, RC	Staff time	LG Incentives, DCA, HUD	On-going	2020
H1, H6, H8, R1, R12	Assist communities with housing related projects such as Community Home Investment Program; GICH and CDBG Housing Rehab projects. <sup>1</sup>	2015-2020	Cities, Counties, RC	\$20,000	DCA, LG, Federal	On-going	2020
H1, H3	Prepare development codes that encourage affordable and mixed income housing developments subject to preferred community design.	2015-2020	Cities, Counties, RC	\$30,000	RC, LG, DCA	On-going	2020
II, I3	Coordinate with local governments, state, and regional agencies to develop strategic housing plans for the region.	2015-2020	RC, LG	\$5,000 / Update	LG,DCA, HUD,USDA	On-going	2020

**Highlights: HOUSING**

<sup>1</sup> RC staff assisted with three (3) house reconstructions and have three (3) underway

**CSRA-RC REGIONAL PLAN 2035 UPDATE:  
FY 2015 Regional Work Program Report of Accomplishments**

COMMUNITY FACILITIES							
Issues / Priorities	Activity	Timeline	Responsibility	Cost Estimate	Fund Source	Status	Estimated Completion
P13, F1, R2, F3, F8, F9, F12, F13	Develop infrastructure plans that identify needs and priorities.	2015-2020	RC, LG, ARDA	\$15,000-\$25,000	LG, DCA, USDA, GEFA	On-going	2020
T9, F1, F2, F3, F6, F8, F9, F0, F11, F12	Seek funding for facilities and infrastructure improvements	2015-2020	RC, LG, ARDA	\$25,000-\$50,000	LG, DCA, USDA, GEFA, NTIA	On-going	2020
F4, I4	Support and encourage regional infrastructure sharing between counties, such as water system, and broadband connections.	2015-2020	RC, LG, ARDA, GADEcD	\$25,000-\$50,000	LG, DCA, USDA, GEFA, NTIA	On-going	2020
F14	Assist with the establishment of local and regional recycling programs.	2015-2020	RC, LG,	\$15,000	LG, DCA, GEFA, PR. Funds, EPD	On-going	2020
L4, L8	Identify brownfields and encourage their redevelopment.	2015-2020	RC, LG, ARDA	\$10,000	LG, DCA, EPD, EPA	On-going	2020

**Highlights: COMMUNITY FACILITIES**

<sup>2</sup> Regional Commission staff assisted the City of Wadley and City of Louisville in receiving CDBG funds for infrastructure improvements.

AREAS FACING INTENSE DEVELOPMENT PRESSURES							
Issues / Priorities	Activity	Timeline	Responsibility	Cost Estimate	Fund Source	Status	Estimated Completion
L3, L8, R8	Develop growth management plan for areas facing development pressures.	2015-2020	City / County Organizations, RC	\$25,000	LG, DCA, ARDA, GADEcD	On-going	2020
R8, L1, L2, L5.	Coordinate with abutting local governments to promote regional planning.	2015-2020	City / County Organizations, RC, ARDA	\$25,000-\$50,000	LG, DCA,	On-going	2020

**CSRA-RC REGIONAL PLAN 2035 UPDATE:  
FY 2015 Regional Work Program Report of Accomplishments**

LAND USE							
Issues / Priorities	Activity	Time-line	Responsibility	Cost Estimate	Fund Source	Status	Estimated Completion
P8, H3, H4, L1, L3, L7, R2, R3	Develop regulations to encourage appropriate development. <sup>1</sup>	2015-2020	RC, LG	\$8,000 - \$50,000	LG, DCA	On-going	2020
P3, P8, P10, P11, H3, H5, L1, L7	Locate new development along existing infrastructure corridors.	2015-2020	City/County Organizations	Staff time	Local Incentives, Private Developers	On-going	2020
P1, H5, L5, R2, R6, R8, R9	Encourage preservation of green space and natural resource areas.	2015-2020	RC, LG, EPD	\$5,000	RC, LG, DCA, EPD, DNR	On-going	2020
P1, P3, P5, P6, P7, P14, H2, H4, H5, H9, L1, L4, L6	Encourage growth in already developed areas.	2015-2020	RC, LG	Staff time	Local Incentives, Private Developers	On-going	2020
L4, L6, L7, L8, T2, T6, T11	Hold design workshops to identify redevelopment strategies for street, district or neighborhood improvements.	2015-2020	RC, LG	\$10,000	LG, DCA	On-going	2020
L2, L5, L7, L8, T6, T7	Work with local jurisdictions to review land use regulations for areas near Fort Gordon. <sup>2</sup>	2015-2020	RC, LG	Staff time	LG, DCA	On-going	2020
L2	Mitigate transportation issues within communities surrounding Fort Gordon. <sup>3</sup>	2015-2020	RC, LG	\$50,000	LG, Local/ Federal Grants	On-going	2020

Highlights: *LAND USE*

<sup>1</sup> RC staff assisted Taliaferro County with the establishment of a chicken house ordinance.

<sup>2</sup> RC staff has initiated the Fort Gordon Joint Land Use Study

<sup>3</sup> RC staff has applied for funding for a traffic study for the area.

**CSRA-RC REGIONAL PLAN 2035 UPDATE:  
FY 2015 Regional Work Program Report of Accomplishments**

FORT GORDON							
Issues / Priorities	Activity	Timeline	Responsibility	Cost Estimate	Fund Source	Status	Estimated Completion
L2, 11	Implement recommendations contained in the Joint Land Use Study.	2015-2020	Adjacent counties and cities, Fort Gordon, Planning & Zoning Officials, RC	\$10,000	Local/Federal Grants	on-going	2020
L2, 11	Convene the adjacent communities and officials from Fort Gordon on a semi-annual basis to address potential concerns related to encroachment.	2015-2020	Adjacent counties and cities, Fort Gordon, Planning & Zoning Officials, RC	Staff time	LG, RC	on-going	2020
L2	Utilize appropriate land use regulation tools to prevent encroachment. <sup>1</sup>	2015-2020	Adjacent counties and cities, Fort Gordon, Planning & Zoning Officials, RC	\$15,000	Local/Federal Grants, State Funds	on-going	2020
L2	Assist local governments associated with Fort Gordon with growth management policies. <sup>1</sup>	2015-2020	Adjacent counties and cities, Fort Gordon, Planning & Zoning Officials, RC	\$10,000 -\$52,621	LG, RC	on-going	2020
Multiple	Increase accessibility to Fort Gordon. <sup>2</sup>	2015-2020	Adjacent counties and cities, Fort Gordon, Planning & Zoning Officials, RC	\$75,000	LG, Local/Federal Grants	on-going	2020

**Highlights: FORT GORDON**

- <sup>1</sup> RC staff has initiated the Fort Gordon Joint Land Use Study  
<sup>2</sup> RC staff has applied for funding for a traffic study for the area.

AREAS THAT CAN SUSTAIN HIGHER DENSITIES							
Issues / Priorities	Activity	Timeline	Responsibility	Cost Estimate	Fund Source	Status	Estimated Completion
L3, L8, R8	Encourage renovation of existing buildings for adaptive reuse.	2015-2020	Local, RC	\$10,000	LG, DCA, USDA, HUD, Private funds	On-going	2020
R8, L1, L2, L5.	Encourage commercial development in downtowns.	2015-2020	LG, Chambers, Development Authorities, ARDA, RC	\$10,000	LG, Chambers, Development Authorities, Private, DCA	On-going	2020

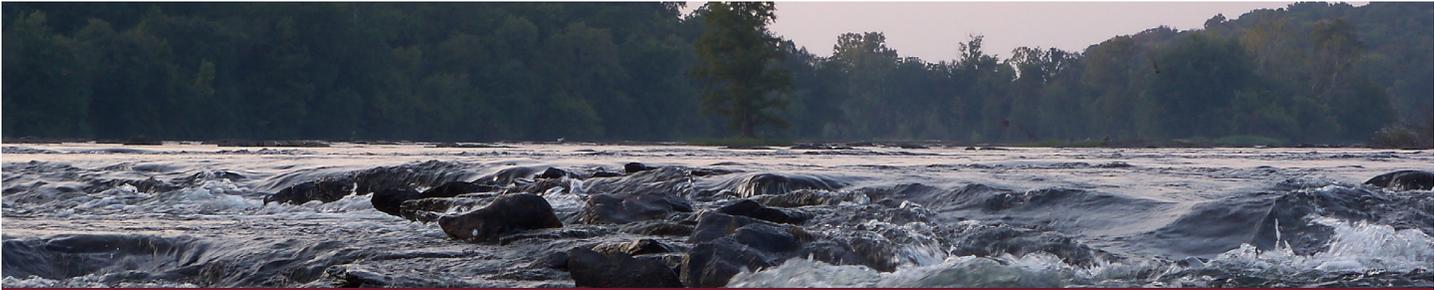

**CSRA-RC REGIONAL PLAN 2035 UPDATE:  
FY 2015 Regional Work Program Report of Accomplishments**

TRANSPORTATION							
Issues / Priorities	Activity	Timeline	Responsibility	Cost Estimate	Fund Source	Status	Estimated Completion
I1, I3, I4, T1, T2, T5, T6, T7, T8, T9, T10, T11	Support the implementation of TIA-10 through advisory committee oversight.	2015-2020	RC	\$10,000	Local/Federal Grants	on-going	2020
I1, I3, I4, T1, T2, T5, T6, T7, T8, T9, T10, T11	Continue participation in GDOT's annual STIP process	2015-2020	Local government, RC	Staff time	LG, RC	on-going	2020
T2	Modify land development regulations on a case-by-case basis to allow for context sensitive (complete street) thoroughfare design.	2015-2020	Local government, RC	\$15,000	Local/Federal Grants	on-going	2020

PERFORMANCE STANDARDS							
Issues / Priorities	Activity	Timeline	Responsibility	Cost Estimate	Fund Source	Status	Estimated Completion
Multiple	Engage in programs or activities to assist local governments in meeting the performance standards.	2015-2020	RC	Staff time	RC, DCA	on-going	2020
Multiple	Hold meetings to assess local governments' progress toward meeting standards.	2015-2020	RC	Staff time	RC, DCA	on-going	2020
R4, R7, R11	Assist local governments with technical planning assistance for identified needs.	2015-2020	RC, DCA, Various other state agencies	Staff time	RC, DCA, Various other state agencies	on-going	2020
P2, P7, E5, E7	Assist local governments to ensure timely and economical implementation of identified issues.	2015-2020	RC, DCA, Various other state agencies	Staff time	RC, DCA, Various other state agencies	on-going	2020

**CSRA-RC REGIONAL PLAN 2035 UPDATE:**

POTENTIAL WATER COOPERATION							
Activity	Timeline	Responsibility	Cost Estimate	Fund Source	Status	Estimated Completion	
11, 13	Develop strategic connection plans.	2015-2020	Cities, Counties, RC, ARDA	\$10,000	Local, GEFA, Rural Water	on-going	2020
R6, 11, 13	Encourage legislative creation of a CSRA Water Commission.	2015-2020	Cities, Counties, RC	Staff time	RC	on-going	2020
13, 14	Foster continued cooperation between local governments and the Corps of Engineers.	2015-2020	Cities, Counties, Corps of Engineers, RC	\$1,000	Local	on-going	2020
R6	Protect Clark's Hill Lake and the Savannah River for the continued recreational, economic, and other benefits to the region.	2015-2020	Cities, Counties, Corps of Engineers, RC	Staff time	Local, RC, DCA, Federal grants	on-going	2020
R6	Protect all water basins within the region from contamination and manage use of the water resources.	2015-2020	Cities, Counties, Corps of Engineers, RC	Staff time	Local, RC, DCA, Federal grants	on-going	2020

# CSRA-RC REGIONAL PLAN 2035 UPDATE

## FY 2016 Regional Work Program

This section of the Central Savannah River Area Regional Plan 2035 Update identifies and describes the activities the Regional Commission plan to perform during the next five years in order to implement activities discussed in the regional plan. These activities include recommended activities that actors, other than the Regional Commission may take to implement the regional plan. These activities are separated into the following categories:

- **Planning and Coordination:** Activities performed by the Regional Commission to assist local governments and other regional actors to act consistently with the regional plan. Actions include outreach, education, and technical assistance such as more detailed sub-area planning, new or revised local development regulations, incentives, public investments and infrastructure improvements.
- **Review:** Activities by other actors in the region that require review and comment by the Regional Commission. The findings from the review are advisory in nature.

The following information is included for each of the listed activities:

- A brief description of the activity;
- The desired timeframe for undertaking the activity;
- The responsible party for implementing the activity;
- Estimated cost (if any) of implementing the activity; and
- Funding source(s), if applicable.

CSRA-RC REGIONAL PLAN 2035 UPDATE: FY 2016 Regional Work Program

PLANNING AND COORDINATION

ECONOMIC DEVELOPMENT

Activity	Timeline	Responsibility	Cost Estimate	Fund Source	Estimated Completion
1. Assist and train local economic developers and community leaders in marketing, dealing with prospects, forming incentive packages, and strategic planning.	2016-2021	RC, LG, GADEcD	N/A	N/A	2021
2. Cooperate with state agencies in marketing efforts.	2016-2021	RC, LG, GADEcD	N/A	N/A	2021
3. Support major regional projects such as the Warren County Regional Industrial Park for Georgia Ready for Accelerated Development program.	2016-2021	RC, LG, GADEcD	\$2,000	RC, LG	2021
4. Promote economic development tax incentives through the creation of enterprise and opportunity zones.	2016-2021	RC, LG, GA-DCA	N/A	RC, LG	2021
5. Support activities that develop water/sewer and transportation infrastructure.	2016-2021	ARDA, RC, GADEcD	\$5,000	RC, ARDA, GDOT	2021
6. Foster and support economic growth through regional cooperation opportunities to share infrastructure (both conventional and technological) development across county boundaries.	2016-2021	RC, ARDA, GADEcD	N/A	RC, LG	2021
7. Support activities that encourage the development of infrastructure with the intent of attracting "Green" industries (i.e. Alternative fuels, environmentally sustainable manufacturing, etc.)	2016-2021	RC, ARDA, GADEcD	N/A	RC, LG	2021
8. Support and encourage downtown tourism and business attraction.	2016-2021	RC, GADEcD	N/A	RC, LG, GA-DCA	2021
9. Assist in developing and promoting Main Street, Better Hometown, Plan First, Water First and similar programs.	2016-2021	RC, GADEcD	N/A	RC, LG, GA-DCA	2021
10. Assist in developing and implementing downtown master plans, urban redevelopment plans, revitalization area strategies and similar documents in eligible downtowns where requested.	2016-2021	RC, DCA, GADEcD	\$15,000 - \$50,000 Per Plan	RC, LG, GA-DCA	2021
11. Develop and implement training opportunities for unemployed or underemployed residents for the purpose of bolstering the local workforce through workforce development program. Also provide leadership training and work-ready skills for individuals 14-21 years old.	2016-2021	RC, LG, Workforce Development	\$2,700,000	RC, LG	2021

**CSRA-RC REGIONAL PLAN 2035 UPDATE: FY 2016 Regional Work Program**

<b>RURAL INDUSTRY / RESOURCE MANAGEMENT</b>						
Activity	Timeline	Responsibility	Cost Estimate	Fund Source	Estimated Completion	
1. Create a diversification plan or series of strategies that promote the development of other economic activities.	2016-2021	Cities, Counties, Chambers, Development Authorities, RC	\$20,000	Cities/Counties, Chambers, Development Authorities, RC, GADEcD	2021	
2. Maximize alternative uses for kaolin resources.	2016-2021	Cities, Counties, Chambers, Development Authorities, RC	Staff time	Cities/Counties, Chambers, Development Authorities, RC, GADEcD	2021	
3. Support initiatives that enable the diversification of the silviculture/wood products industries.	2016-2021	Cities, Counties, Chambers, Development Authorities, RC	Staff time	Cities/Counties, Chambers, Development Authorities, RC, GADEcD	2021	
4. Work to build on the potential for biomass energy as an export.	2016-2021	Cities, Counties, Chambers, Development Authorities, RC	Staff time	Cities/Counties, Chambers, Development Authorities, RC, GADEcD	2021	
5. Balance between resource extraction and resource/land conservation.	2016-2021	Cities, Counties, Chambers, Development Authorities, RC	Staff time	Cities/Counties, Chambers, Development Authorities, RC, GADEcD	2021	
6. Participate or lead local planning, grant writing, or program administration related to local tourism.	2016-2021	Cities, Counties, Chambers, CVBs, Development Authorities, RC	\$5,000-\$30,000	LG, GA-DCA, GA-DNA, Private Foundations	2021	
7. Encourage the preservation of recreational and economic development opportunities along the Savannah and Oconee Rivers.	2016-2021	Cities, Counties, Chambers, Development Authorities, RC	Staff time	Cities/Counties, Chambers, Development Authorities, RC, GADEcD	2021	

**CSRA-RC REGIONAL PLAN 2035 UPDATE: FY 2016 Regional Work Program**

<b>HOUSING</b>						
	Activity	Timeline	Responsibility	Cost Estimate	Fund Source	Estimated Completion
1.	Coordinate with state and local agencies to develop housing action plans.	2016-2021	Cities, Counties, RC	\$8,000	DCA, LG, GHFA	2021
2.	Partner with developers to encourage housing development.	2016-2021	Cities, Counties, RC	Staff time	LG Incentives	2021
3.	Encourage housing development along existing corridors.	2016-2021	Cities, Counties, RC	Staff time	LG Incentives, DCA, HUD	2021
4.	Assist communities with housing related projects such as Community Home Investment Program; GICH and CDBG Housing Rehab projects.	2016-2021	Cities, Counties, RC	\$20,000	DCA, LG, Federal	2021
5.	Prepare development codes that encourage affordable and mixed income housing developments subject to preferred community design.	2016-2021	Cities, Counties, RC	\$30,000	RC, LG, DCA	2021
6.	Coordinate with local governments, state, and regional agencies to develop strategic housing plans for the region.	2016-2021	RC, LG	\$5,000 / Update	LG, DCA, HUD, USDA	2021

<b>COMMUNITY FACILITIES</b>						
	Activity	Timeline	Responsibility	Cost Estimate	Fund Source	Estimated Completion
1.	Develop infrastructure plans that identify needs and priorities.	2016-2021	RC, LG, ARDA	\$15,000-\$25,000	LG, DCA, USDA, GEFA	2021
2.	Seek funding for facilities and infrastructure improvements	2016-2021	RC, LG, ARDA	\$25,000-\$50,000	LG, DCA, USDA, GEFA, NTIA	2021
3.	Support and encourage regional infrastructure sharing between counties, such as water system, and broadband connections.	2016-2021	RC, LG, ARDA, GAD-EcD	\$25,000-\$50,000	LG, DCA, USDA, GEFA, NTIA	2021
4.	Assist with the establishment of local and regional recycling programs.	2016-2021	RC, LG,	\$15,000	LG, DCA, GEFA, PR. Funds, EPD	2021
5.	Identify brownfields and encourage their redevelopment.	2016-2021	RC, LG, ARDA	\$10,000	LG, DCA, EPD, EPA	2021
6.	Preserve and protect the region's historical resources by assisting local governments and other entities with historic preservation initiatives.	2016-2021	LG, RC	staff time	DCA, DNR, HPD, RC	2021

**CSRA-RC REGIONAL PLAN 2035 UPDATE: FY 2016 Regional Work Program**

<b>LAND USE</b>						
Activity	Timeline	Responsibility	Cost Estimate	Fund Source	Estimated Completion	
1. Develop regulations to encourage appropriate development.	2016-2021	RC, LG	\$8,000 - \$50,000	LG, DCA	2021	
2. Locate new development along existing infrastructure corridors.	2016-2021	City/County Organizations	Staff time	Local Incentives, Private Developers	2021	
3. Encourage preservation of green space and natural resource areas.	2016-2021	RC, LG, EPD	\$5,000	RC, LG, DCA, EPD, DNR	2021	
4. Encourage growth in already developed areas.	2016-2021	RC, LG	Staff time	Local Incentives, Private Developers	2021	
5. Hold design workshops to identify redevelopment strategies for street, district or neighborhood improvements.	2016-2021	RC, LG	\$10,000	LG, DCA	2021	
6. Conduct an ordinance review program which provides local governments research assistance regarding potential changes to their existing ordinance.	2016-2021	RC, LG	\$5,000 - \$10,000 per review	LG, DCA	2021	
7. Provide administrative, educational, and technical support to local governments which supports the management of county and/or municipal land development and use regulations.	2016-2021	RC	\$5,000 per session	LG, RC	2021	
8. Work with local jurisdictions to review land use regulations for areas near Fort Gordon.	2016-2021	RC, LG	Staff time	LG, DCA	2021	
9. Mitigate transportation issues within communities surrounding Fort Gordon.	2016-2021	RC, LG	\$50,000	LG, Local/Federal Grants	2021	

<b>AREAS FACING INTENSE DEVELOPMENT PRESSURES</b>						
Activity	Timeline	Responsibility	Cost Estimate	Fund Source	Estimated Completion	
1. Develop growth management plan for areas facing development pressures.	2016-2021	City / County Organizations, RC	\$25,000	LG, DCA, ARDA, GADEcD	2021	
2. Coordinate with abutting local governments to promote regional planning.	2016-2021	City / County Organizations, RC, ARDA	\$25,000-\$50,000	LG, DCA,	2021	

**CSRA-RC REGIONAL PLAN 2035 UPDATE: FY 2016 Regional Work Program**

<b>AREAS THAT CAN SUSTAIN HIGHER DENSITIES</b>						
Activity	Timeline	Responsibility	Cost Estimate	Fund Source	Estimated Completion	
1. Encourage renovation of existing buildings for adaptive reuse.	2016-2021	Local, RC	\$10,000	LG, DCA, USDA, HUD, DNR/HPD, NPS, Private funds	2021	
2. Encourage commercial development in downtowns.	2016-2021	LG, Chambers, Development Authorities, ARDA, RC	\$10,000	LG, Chambers, Development Authorities, Private, DCA	2021	

<b>FORT GORDON</b>						
Activity	Timeline	Responsibility	Cost Estimate	Fund Source	Estimated Completion	
1. Update, implement and/or revise recommendations contained in the Joint Land Use Study or other planning document.	2016-2021	Adjacent counties and cities, Fort Gordon, Planning & Zoning Officials, RC	\$175,000	Local/Federal Grants, State Funds	2021	
2. Convene the adjacent communities and officials from Fort Gordon on a semi-annual basis to address potential concerns related to encroachment.	2016-2021	Adjacent counties and cities, Fort Gordon, Planning & Zoning Officials, RC	Staff time	LG, RC	2021	
3. Utilize appropriate land use regulation tools to prevent encroachment.	2016-2021	Adjacent counties and cities, Fort Gordon, Planning & Zoning Officials, RC	\$15,000	Local/Federal Grants	2021	
4. Assist local governments associated with Fort Gordon with growth management policies.	2016-2021	Adjacent counties and cities, Fort Gordon, Planning & Zoning Officials, RC	\$10,000 - \$52,621	LG, RC	2021	
5. Increase accessibility to Fort Gordon.	2016-2021	Adjacent counties and cities, Fort Gordon, Planning & Zoning Officials, RC	\$75,000	LG, Local/Federal Grants	2021	
6. Create a Work Program as a part of the new Joint Land Use Study.	2016-2021	Adjacent counties and cities, Fort Gordon, Planning & Zoning Officials, RC	Staff time	LG, RC	2021	

**CSRA-RC REGIONAL PLAN 2035 UPDATE: FY 2016 Regional Work Program**

<b>POTENTIAL WATER COOPERATION</b>						
Activity	Timeline	Responsibility	Cost Estimate	Fund Source	Estimated Completion	
1. Develop strategic connection plans.	2016-2021	Cities/Counties, RC, ARDA	\$10,000	Local, GEFA, Rural Water	2021	
2. Encourage legislative creation of a CSRA Water Commission.	2016-2021	Cities/Counties, RC	Staff time	RC	2021	
3. Foster continued cooperation between local governments and the Corps of Engineers.	2016-2021	Cities/Counties, Corps of Engineers, RC	\$1,000	Local	2021	
4. Protect Clarks Hill Lake and the Savannah River for the continued recreational, economic, and other benefits to the region.	2016-2021	Cities/Counties, Corps of Engineers, RC	Staff time	Local, RC, DCA, Federal grants	2021	
5. Protect all water basins within the region from contamination and manage use of the water resources.	2016-2021	Cities/Counties, Corps of Engineers, RC	Staff time	Local, RC, DCA, Federal grants	2021	

<b>PERFORMANCE STANDARDS</b>						
Activity	Timeline	Responsibility	Cost Estimate	Fund Source	Estimated Completion	
1. Engage in programs or activities to assist local governments in meeting the performance standards.	2016-2021	RC	Staff time	RC, DCA	2021	
2. Hold meetings to assess local governments' progress toward meeting standards.	2016-2021	RC	Staff time	RC, DCA	2021	
3. Assist local governments with technical planning assistance for identified needs.	2016-2021	RC, DCA, Various other state agencies	Staff time	RC, DCA, Various other state agencies	2021	
4. Assist local governments to ensure timely and economical implementation of identified issues.	2016-2021	RC, DCA, Various other state agencies	Staff time	RC, DCA, Various other state agencies	2021	

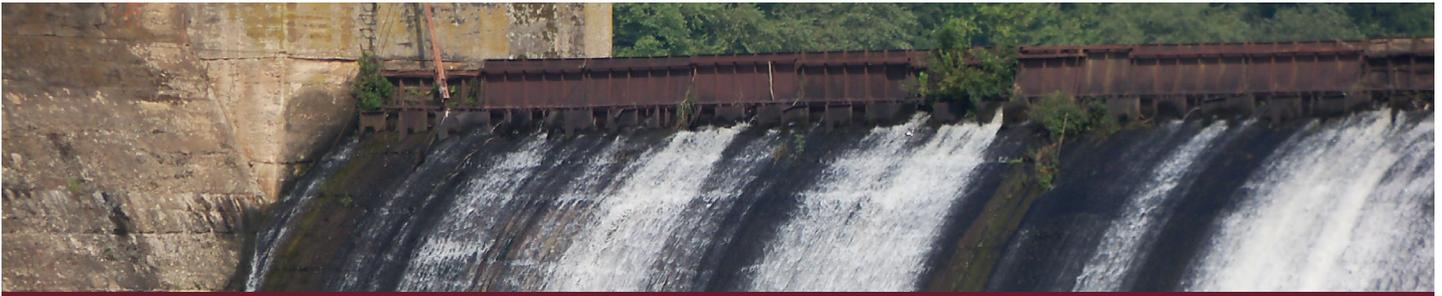

**CSRA-RC REGIONAL PLAN 2035 UPDATE: FY 2016 Regional Work Program**

<b>TRANSPORTATION</b>						
	Activity	Timeline	Responsibility	Cost Estimate	Fund Source	Estimated Completion
1	Support the implementation of TIA-10 through advisory committee oversight.	2016-2021	RC	\$10,000	Local/ Federal Grants	202
2	Continue participation in GDOT's annual STIP process.	2016-2021	LG, RC	Staff time	LG, RC	2021
3	Modify land development regulations on a case-by-case basis to allow for context sensitive (complete street) thoroughfare design.	2016-2021	LG, RC	\$15,000	Local/ Federal Grants	2021

*REVIEW*

**REGIONAL COMMISSION REVIEW**

	Activity	Timeline	Responsibility	Cost Estimate	Fund Source	Estimated Completion
1.	Review and comment on long-range transportation plans for consistency with the Regional Plan.	2016-2021	RC	Staff time	RC, DCA, Various other state agencies	2021
2.	Review Developments of Regional Impact in close proximity to resources identified in the Regionally Important Resources (RIR) Plan with respect to RIR recommendations.	2016-2021	RC	Staff time	RC, DCA, Various other state agencies	2021
3.	Review all Developments of Regional Impact (DRIs), including those submitted by neighboring Regional Commissions.	2016-2021	RC	Staff time	RC, DCA, Various other state agencies	2021
4.	Review statewide plans and programs for local and regional application.	2016-2021	RC	Staff time	RC, DCA, Various other state agencies	2021
5.	When requested, review local land use plans to identify potential land use conflicts and provide technical assistance in resolving the issues of incompatible uses or zoning districts.	2016-2021	RC	Staff time	RC, DCA, Various other state agencies	2021
6.	When requested, review local ordinances for consistency with plans, other ordinances, and community goals.	2016-2021	RC	Staff time	RC, DCA, Various other state agencies	2021
7.	Monitor the progress of local governments toward implementing the Regional Plan	2016-2021	RC	Staff time	RC, DCA	2021

## CSRA-RC REGIONAL PLAN 2035 UPDATE

### Areas Requiring Special Attention

This section of the Central Savannah River Area Regional Plan 2035 is a “defining narrative” that defines specific recommended strategies for areas that have been determined to “Require Special Attention.” These areas include the following:

- Areas where significant natural or cultural resources are likely to be impacted by development;
- Areas of rapid development;
- Areas in need of redevelopment and/or significant improvements to aesthetics or attractiveness;
- Areas with significant infill development opportunities;
- Areas of significant disinvestment, levels of poverty, and/or unemployment substantially higher than average level for the region as a whole;
- Fort Gordon; and
- Other regionally important resources.

This section contains a description of the area “requiring special attention,” a list of recommended implementation measures to achieve the desired development pattern for the area,

**Areas where significant natural or cultural resources are likely to be impacted by development**

**Description:**

- Numerous commercial corridors in the urbanized area, such as Washington Road, Gordon Highway and Wrightsboro Road;
- Parts of commercial corridors extending out of smaller cities and towns in the region;
- Portions of many downtown areas in both larger cities and smaller towns;
- Rural Communities where desire for development may override environmental awareness

**Implementation Measures:**

- Mapping (1) - Comprehensive mapping of the community's environmentally sensitive areas in order to create strategy for protection and preservation. *(Local Governments are being encouraged to do so when funding becomes available.)*
- Conservation Easements - A mechanism for protection of natural resources or open space that involves donation of private property development rights in exchange for income tax, property or estate tax benefits. *(Local Governments are being encouraged to use.)*
- Land Acquisition - "Fee simple" purchase of land in order to permanently protect natural resources, open space or farmland. *(Local Governments are being encouraged to do so when funding becomes available.)*
- Low Impact Development (LID) (2)- Using various land planning and design practices and technologies to conserve and protect natural resource systems and reduce infrastructure costs. *(Local Governments are being encouraged to consider with new development and redevelopment projects.)*
- Water Resource Management - Managing and protecting water supply, watersheds and coastal areas; providing safe drinking water and wastewater treatment services. *(Local Governments are being educated about water resource management through planning processes.)*
- Agricultural Buffers - Requiring new non-agricultural development adjacent to designated agricultural land to provide an agricultural buffer to minimize future potential conflicts between them. *(Local governments are being encouraged to use these types of buffers.)*
- Agricultural Land Use Regulations - Encouraging preservation of agricultural operations and reducing conflicts between agricultural and non-agricultural land uses.
- Agricultural Zoning - Establishing zoning districts with very large minimum lot size requirements appropriate for agricultural uses in order to protect farmland and rural character and limit development of urban uses. *(Local governments are being encouraged to incorporate this into their zoning ordinances.)*
- Conservation Subdivision Ordinance - Residential or mixed use developments with a significant portion of site set aside as undivided, protected open space while dwelling units or other uses are clustered on remaining portion of site. *(Local governments are being encouraged to incorporate this into their local ordinances.)*
- Environmental Planning Criteria - Establish local protection for such as water supply watersheds, groundwater recharge areas, wetlands, and certain protected mountains and rivers in accordance with Georgia DNR Rules. *(Local governments are being encouraged to incorporate this into their local ordinances.)*
- Environmental Regulations - DCA Model Code module, consistent with the Georgia Rules for Environmental Planning Criteria.
- Riparian Buffers - Requiring strips of land along banks of streams and rivers to be preserved to protect water quality. *(Local governments are being encouraged to incorporate this into their local ordinances.)*
- Stormwater Management Ordinance - Mitigating the impact of urban development on watersheds, aquatic habitat, stream flow and geometry, and water quality. *(Local governments are being encouraged to incorporate this into their local ordinances.)*

**Highlights of Regional Commission Activities:**

(1) The Regional Commission has provided maps of environmentally sensitive areas to the City of Grovetown, Hancock County, the City of Sparta, and updated these maps for the City of Thomson, the City of Harlem, and McDuffie County.

(2) The Regional Commission through the Millen Urban Redevelopment Plan has encouraged Low Impact Development through design suggestions of redevelopment within targeted areas.

## Areas of rapid development

### Description:

Areas on the urbanizing fringe surrounding Augusta. These areas are characterized by automobile-oriented development that is straining road capacities due to the lack of other travel options. In many cases, these areas are without the natural gathering places that characterize traditional patterns of development, places such as parks, squares or walkable commercial areas.

- The City of Harlem and Grovetown as population growth in Columbia County is spurring development
- The area in Columbia and McDuffie counties stretching from Grovetown to Harlem to Dearing;
- Areas where public infrastructure is unevenly provided, spurring development but also creating future liabilities.

---

### Implementation Measures:

- Analyze Financial Impacts of Growth - Using the financial and fiscal impacts of development patterns on the local economy and on local budgets to help determine types of development patterns desired and needed. *(Local governments are being encouraged to incorporate this type of analysis.)*
- Assessing Impact of Annexation - Annexation provides a method to assure the orderly provision of urban services to densely populated or developed areas located on the fringe of a municipality. *(Local governments are being encouraged to incorporate this type of analysis.)*
- Smart Growth Audit - Reviewing growth policies and implementation measures to identify impediments to achieving livable, mixed-use, walkable communities with open space and urban amenities *(Local governments are being encouraged to incorporate this type of analysis.)*
- Compact Development (1)- Refers to the practice of developing land in a compact way rather than a sprawling fashion, and configuring buildings on a block or neighborhood scale that makes efficient use of land and resources. *(Local governments are being encouraged to advise developers to use these types of development patterns.)*
- Streamlined Development Permitting - Revising the local development review process to make it easier to obtain necessary approvals, particularly for innovative quality growth types of development. Revisions may include removing or combining unnecessary approval steps or publishing a step-by-step guide to the review process. *(Local governments are being encouraged to revise their permitting processes.)*
- Form-Based Codes (2) - Land use codes that focus more on the form of development rather than on restricting particular uses. *(The Regional Commission is actively encouraging communities to embrace form-based codes.)*
- Maximum Block Length, Width and/or Perimeter<sup>1</sup> - Maximum distances for block length, width and/or perimeter, to keep the scale of development small and allow for short distances walkable by pedestrians. *(Local governments are actively being encouraged to embrace these ideas.)*
- Maximum Setback Requirement - Requiring the distance between the right-of-way and buildings to be at a maximum distance rather than a minimum distance. Setting maximums forces development to come closer to the street for walkability, traffic calming, higher density and a more traditional urban feel. *(Local governments are actively being encouraged to embrace these ideas.)*
- Mixed Use Zoning - Zoning that allows different types of uses (such as housing, shopping, and offices) to locate within the same district, provided these uses are reasonably related and compatible. *(Local governments are actively being encouraged to embrace these ideas.)*

---

### Highlights of Regional Commission Activities:

(1) The Regional Commission, through the Millen Urban Redevelopment Plan and Harlem City Center Plan has proposed and shown graphically the benefits of compact development. Mixed-income housing has been embraced by the Millen Stakeholder committee.

(2) The City of Grovetown has adopted a form-based code for in order to promote a well-designed new city center based on recommendations from the Regional Commission's Grovetown Urban Redevelopment Plan

**Areas in need of redevelopment and or significant improvements to aesthetics or attractiveness**

**Description:**

- Numerous commercial corridors the main roadways through many of our rural cities
- Parts of commercial corridors extending out of smaller cities and towns in the region;
- Portions of many downtown areas in both larger cities and smaller towns;
- Residential neighborhoods in Augusta and smaller towns that have seen disinvestment in recent decades

**Implementation Measures:**

*Corridor Study - Identifying and planning for improvement needs along a strip commercial corridor. The study typically involves key stakeholders (property owners, businesses, neighborhood leaders, service providers) to achieve consensus on improvements to be made along the corridor.*

- *Strategies for Reuse of Grayfields*
  - Re-using sites such as abandoned shopping centers for transit-oriented, mixed-use development.
  - Urban Redevelopment/Downtown Development (DCA Model Code 5-5)
  - Using Georgia's legal redevelopment tools to revitalize central business districts.
- *Access Control Measures - Providing reasonable access to developments, while preserving the safe flow of traffic on an arterial or major collector, often a strip mall environment. Techniques like managing where and how approaches or signals are allowed, use of medians, creation of turn lanes, and supportive local ordinances improve the driving atmosphere. In some cases they also make movement easier and safer for pedestrians and bicyclists*
- *Bikeway Plan - Providing connectivity to residential neighborhoods, schools, parks, rails-to-trails, community facilities, and neighborhood-related retail centers and ensuring that bicycling is a convenient, safe, and practical means of transportation throughout the community.*
- *Right-of-Way Improvements - Any type of public improvement made in a roadway's "right-of-way," which is the strip of land that includes the road itself and the narrow band of publicly owned property on either side of the road where sidewalks, curbing, and utility lines are typically located.*
- *Sidewalk and Pedestrian Network Design - An effective sidewalk and pedestrian network creates healthy neighborhoods and commercial areas. Proper design provides for more pedestrian-friendly street environments, affords appropriate access for bicyclists, and facilitates implementation of the community's multi-modal transportation element of its comprehensive plan.*
- *Community Visioning (1)- Defining a community's hopes and aspirations through intensive participation at public meetings.*
- *Targeted Corridor Redevelopment - Using public incentives or urban redevelopment powers to encourage revitalization of problem properties, such as declining shopping centers or abandoned "big box" stores, along a commercial strip corridor.*
- *Flexible Parking Standards - Revising land development regulations to remove rigid parking requirements that typically result in an oversupply of unnecessary parking spaces. Revisions may include reducing the number of required parking spaces, or allowing shared parking between adjacent facilities.*
- *Flexible Street Design Standards (2) - Revising street design requirements in local development regulations to adjust streets to the scale of the neighborhood and types of traffic they serve. Revisions may include reducing required street widths, requiring bicycle lanes, or adding on-street parking.*

**Highlights of Regional Commission Activities:**

(1) The Cities of Harlem and Millen have both recently gone through a community visioning exercises. In conjunction with its city center plan, Harlem participated in a three day charrette for its downtown. The City of Millen, through its Urban Redevelopment Plan Stakeholders meeting envisioned changes and improvements along its main highway corridor and within its target area.

(2) The city of Grovetown is revising its street design in cooperation with the Georgia Department of Transportation for better traffic movement and design to create an attractive city center area based on recommendation from the Urban Redevelopment Plan the Regional Commission created for the city.

## Areas with significant infill development opportunities

### Description:

- Significant portions of Augusta-Richmond County where disinvestment has occurred and the infrastructure and traditional street grid are well-positioned to support substantial amounts of development;
- Rural cities in which commercial and residential development has not been active
- Numerous vacant industrial properties scattered throughout the region;
- Brownfield or grayfield sites.

---

### Implementation Measures:

- Brownfield Site Remediation - Clean-up of contaminated properties, which may involve removal, containment or on-site treatment. Remediation can be started by private property owners or by local governments. *(Local governments are being encouraged to designate areas.)*
- Infill Development Program - A comprehensive strategy for encouraging infill development in particular areas of the community, while also regulating this development to assure the quality of life in affected neighborhoods. An effective program will include a) development incentives, improvements to public facilities and services, and streamlined regulations to encourage infill development; b) guidelines for appropriate design, density and location of new infill projects. *(Local governments are being encouraged to designate areas.)*
- Land Value Taxation - A property tax system based on the site-only value of the land, not taking into account improvements (buildings, etc.) on the land. This encourages efficient use of land, particularly in urban areas, and leads to infill and rehabilitation in existing neighborhoods. Land value taxation is similar to a split-rate property tax (see that recommendation). *(Area governments are being encouraged initiate this activity.)*
- Streamlined Development Permitting - Revising the local development review process to make it easier to obtain necessary approvals, particularly for innovative quality growth types of development. Revisions may include removing or combining unnecessary approval steps or publishing a step-by-step guide to the review process. *(Local governments are being encouraged to revise permitting processes.)*
- Community Visioning (1) - Defining a community's hopes and aspirations through intensive participation at public meetings. *(Regional Commission continues to seek opportunities to work with local governments to provide this service.)*
- Design Charette (1) - An intensive, multi-disciplinary, interactive and creative workshop process that enables discussion and teamwork among stakeholders (including architects, community groups, developers, and neighbors) in the development of ordinances or the design of particular projects. *(Regional Commission continues to seek opportunities to work with local governments to provide this service.)*
- Tax Allocation Districts - Establishing a redevelopment district (area with vacant commercial or residential properties, blighted conditions, and/or need for environmental remediation) to provide public financing for redevelopment activities through the pledge of future incremental increase in property taxes generated by the resulting new development. *(Local governments are being encouraged to designate areas.)*
- Enterprise Zones (2) - Offers incentives such as tax exemptions or fee abatements to private businesses to reinvest and rehabilitate underdeveloped or declining areas. *(Local governments are being encouraged to designate areas.)*
- Targeted Corridor Redevelopment (3) - Using incentives or urban redevelopment powers to encourage revitalization of problem properties, such as declining shopping centers or abandoned "big box" stores, along a commercial strip corridor. *(Local governments are being encouraged to designate areas.)*

---

### Highlights of Regional Commission Activities:

(1) The Cities of Harlem and Millen have both recently gone through a community visioning exercises. In conjunction with its city center plan, Harlem participated in a three day charrette for its downtown. The City of Millen, through its Urban Redevelopment Plan Stakeholders meeting envisioned changes and improvements along its main highway corridor and within its target area.

(2) The Regional Commission has recommended the use of Enterprise Zones for tax incentives through the Millen Urban Redevelopment Plan.

(3) The Regional Commission has recommended targeted corridor redevelopment through the Millen Urban Redevelopment Plan on U.S. Hwy 25 through Millen and provided illustrations through the plan of potential designs.

**Areas of significant disinvestment, levels of poverty and/or unemployment substantially higher than levels for the region as a whole**

**Description:**

These areas include:

- Hancock, Jenkins and Warren counties, where unemployment is several percent higher than the regional as a whole;
- Jefferson and Wilkes counties, which have each seen negative job growth of more than 18 percent since 1990;
- Portions of Augusta-Richmond county where significant disinvestment has occurred
- At least portions of all the region's 11 rural counties.

**Implementation Measures:**

- **Choosing Businesses to Recruit and Support** - Process for identifying businesses that best suit the community. This requires gaining knowledge about local assets and capabilities, as well as the desires of the community. *(Local governments are being encouraged initiate this activity.)*
- **Evaluating Business Formation in Your Community** - Analysis of rate and causes of growth/decline in local businesses. *(Local governments are being encouraged initiate this activity.)*
- **Identifying Workforce Training Resources (1)** - Finding training opportunities to match the need of the local workforce. These may be from formal educational programs, private providers, specialized workforce training (such as from a department of labor), or other sources. *(Local governments are being encouraged initiate this activity.)*
- **Surveying the Local Workforce** - Gathering information on the composition, worker satisfaction, commuting patterns, etc., of the local labor force. *(Local governments are being encouraged initiate this activity.)*
- **Agricultural Marketing** - Assisting local farmers in selling their products. This can include agri-tourism, farmers' markets, and similar activities. *(Local governments are being encouraged initiate this activity.)*
- **Brownfield Site Remediation**- Clean-up of contaminated properties, which may involve removal, containment or on-site treatment. Remediation can be started by private property owners or by local governments. *(Local governments are being encouraged initiate this activity.)*
- **Existing Industry Program** - Addressing needs and problems of existing businesses to improve local environment for business retention and expansion. *(Local governments are being encouraged initiate this activity.)*
- **Matching Labor Needs with Workforce Availability (2)** - Recruiting new businesses by identifying and marketing existing labor force qualifications *(Local governments are being encouraged initiate this activity.)*

**Highlights of Regional Commission Activities:**

(1) The Regional Commission has instituted a youth program in Burke County call "Burke Build" in which young adults are working with local trainers to learn practical skills and implement projects (ex. build wheelchair ramps, etc.) throughout the county.

**Fort Gordon**

**Description:**

Fort Gordon and municipalities and areas surrounding the military base.

---

**Implementation Measures:**

- Perform a Joint Land Use Study for Fort Gordon and the areas surrounding it
- Identify Areas of Planning Coordination - Local governments should strive to maintain consistency, regarding goals, objectives, plans and programs such as those identified in the Joint Land Use Study, with other local governments, agencies and authorities:
  - Comprehensive plans of adjacent or potentially affected local governments
  - Annexation, municipal incorporation, and joint service delivery areas
  - Applicable portions of plans of school boards and other public entities related to the siting of new facilities that may require local government service support and affect land use patterns
- Establish Processes for Joint Decision-Making About Facilities and Infrastructure. Create and maintain processes for joint decision-making, and strategies for collaborative planning, about facilities and infrastructure:
  - Location and extension of public facilities (with the entities responsible for provision and maintenance of the public facilities)
  - Siting of facilities with county-wide significance, such as water supply reservoirs, water and wastewater treatment facilities, solid waste disposal facilities, etc.
- Land development regulations - Restrictions on incompatible uses within the fort's buffer zone.

---

**Highlights of Regional Commission Activities:**

The Regional Commission is currently review land regulation ordinances for all communities surrounding Fort Gordon and through the JLUS Technical Committee will be making recommendations for changes.

**Areas Identified on the Regionally Important Resources map not previously addressed**

**Description:**

These areas include cultural and government resources (ex. historic districts, courthouses, historic sites).

**Implementation Measures:**

- Walkability Audit - An assessment based on commonly used measurements such as connected street networks, high densities of intersections, few dead-ends, short block lengths, and mixed land uses in close proximity to each other. *(Area governments are being encouraged initiate this activity.)*
- Certified Local Government Program: Preservation through Local Planning - Georgia Historic Preservation Division program offering certification to local governments that protect historic resources with a historic preservation ordinance and preservation commission. Certification carries eligibility for federal historic preservation grant funds, opportunities for technical assistance, and improved communication and coordination among local, state, and federal preservation activities. *(Area governments are being encouraged initiate this activity.)*
- Main Street Program - Main Street is a self-help community development program designed to improve a downtown's quality of life. The program includes a small-cities program called the Better Hometown Program, which focuses on cities with a population less than 5,000 and the "Classic" Main Street Program, which focuses on cities with a population between 5,000 and 50,000. *(Area governments are being encouraged initiate this activity.)*
- Georgia Register of Historic Places Nomination - State's official listing of historic buildings, structures, sites, objects, and districts worthy of preservation. Designation offers eligibility for incentives for preservation and rehabilitation. *(Area governments are being encouraged initiate this activity.)*
- National Register of Historic Places Nomination - National official list of cultural resources considered worthy of preservation, including districts, sites, buildings, structures, and objects that are significant in American history, architecture, archeology, engineering, and culture. Designation offers eligibility for preservation benefits and incentives, such as federal tax benefits and federal funding when available. *(Area governments are being encouraged initiate this activity.)*
- Adaptive Use (I) - The conversion of a building for new uses, often from a non-housing use to a housing use. For example, a warehouse converted to apartments, a gas station converted to a hair salon, a school building converted to condominiums, etc. *(Area governments are being encouraged initiate this activity.)*
- Downtown Specific Plans - A study and specific plan for downtown core areas that protect and enhance their unique character. *(Area governments are being encouraged initiate this activity.)*
- Land Value Taxation - A property tax system based on the site-only value of the land, not taking into account improvements (buildings, etc.) on the land. This encourages efficient use of land, particularly in urban areas, and leads to infill and rehabilitation in existing neighborhoods. Land value taxation is similar to a split-rate property tax (see that recommendation). *(Area governments are being encouraged initiate this activity.)*
- Sidewalk and Pedestrian Network Design - An effective sidewalk and pedestrian network creates healthy neighborhoods and commercial areas. Proper design provides for more pedestrian-friendly street environments, affords appropriate access for bicyclists, and facilitates implementation of the community's multi-modal transportation element of its comprehensive plan. *(Area governments are being encouraged initiate this activity.)*
- Historic Preservation - DCA Model Code module for protecting places, districts, sites, buildings and structures having historic or cultural or aesthetic value. *(Area governments are being encouraged initiate this activity.)*
- Historic Preservation Ordinance - Georgia Historic Preservation Division's model ordinance requiring protection of locally designated historic properties and districts. *(Area governments are being encouraged initiate this activity.)*
- Historic Resources Design Standards - Georgia Historic Preservation Divisions' model design standards for infill and material changes to historic properties or districts to maintain historic integrity and significance. *(Area governments are being encouraged initiate this activity.)*
- Form-Based Codes - Builds on the idea that physical form is a community's most intrinsic and enduring characteristic, and encourages a certain physical outcome—the form of a community, block, or building—so that planners, citizens and developers can move from a shared physical vision to a built reality. Form-based codes are different from conventional codes based on use, process, performance or statistics, none of which envision or require any particular physical outcome. *(Area governments are being encouraged initiate this activity.)*
- Minimum Building Frontage - Land use regulation designed to ensure that the development has a street "presence." Areas with buildings that frame the street are inviting to pedestrians. Building frontage is especially important in older urban areas and traditional neighborhoods. *(Area governments are being encouraged initiate this activity.)*

**Highlights of Regional Commission Activities:**

- (1) Harlem is seeking to renovate its downtown theater into an indoor/outdoor theater space through URP recommendations
- (2) Grovetown has adopted form based code to apply to area targeted for downtown redevelopment

**CSRA-RC REGIONAL PLAN 2035 UPDATE:**  
**Assessment of Recent Changes and Developments in the Region**

*ARE DESIRED CHANGES OCCURRING IN EACH TARGET AREA?*

Yes. All target areas are displaying a some measure of progress towards the goals stated in the prior Regional Plan. Progress on key features of each of the Highlights of Regional Commission Activities section of the Areas Requiring Special Attention Sections and highlighted in the Report of Accomplishments

*IF NOT, WHAT CHANGES TO IMPLEMENTATION ACTIVITIES ARE NEEDED?*

No amendments to the implementation activities of the Regional Work Program or Areas Requiring Special Attention Section are required at this time.

**CSRA-RC REGIONAL PLAN 2035 UPDATE: Monitoring and Evaluation Procedures**

Monitoring and evaluation procedures are conducted by Regional Commission staff at different points throughout the year. One component of this process occurs within the Regional Commission (RC) as the RC Director conducts regular meetings with the heads of each department within the RC. These departments include the CSRA Area Agency on Aging, Economic Development, Local Government Services, and Planning. The Planning Director leads discussions regarding the Regional Work Program (RWP) including a review of current and potential future activities that are a part of the RWP and interdepartmental activities listed on the (RWP). These discussions allow departments to understand their roles in implementing activities and request assistance from the planning department when necessary.

A second component of monitoring and evaluation procedures includes “Plan Assessment” meetings which are being held in multiple jurisdictions throughout the region. Members of the RC planning staff present services of the planning department to representatives of local jurisdictions. Time is also set aside to conduct an assessment of their progress towards meeting minimum performance standards (measurable steps that can be taken by counties and municipalities in the region). These minimum standards are aimed at ensuring a basic, predictable level of capabilities and standards across the region. As required by the Georgia Department of Community Affairs, all local governments in the region are expected to attain these minimum standards within three years of the adoption of the regional plan, or risk losing Qualified Local Government (“QLG”) status. The minimum standards are considered to be essential activities needed to obtain consistency with the CSRA Regional Plan 2035. Regional Commission staff has conducted a preliminary scoring of each community and found that the communities listed below are currently meeting the minimum standards.

<b>COMMUNITY</b>	<b>DATE OF MEETING WITH COMMUNITY</b>
Washington County, Georgia	December 2, 2014
Sandersville, Georgia	
Davisboro, Georgia	
Deepstep, Georgia	
Harrison, Georgia	
Oconee, Georgia	
Riddleville, Georgia	
Tennile, Georgia	
GlascocK County, Georgia	
Edgehill, Georgia	
Gibson, Georgia	
Mitchell, Georgia	
Hancock County, Georgia	May 27, 2015
Sparta, Georgia	
McDuffie County, Georgia	June 18, 2015
Thomson, Georgia	
Dearing, Georgia	
Columbia County, Georgia	June 29, 2015
Grovetown, Georgia	
Harlem, Georgia	
Taliaferro County	August 11, 2015
City of Sharon	
City of Crawfordville	
Hancock County	September 21, 2015
City of Sparta	

Monitoring and evaluation results of a majority of local government officials for which regional commission staff has met with and contacted has given general positive and complementary comments regarding how the region was moving towards the goals of the Regional Plan. Several response complemented the Regional Commission's thorough outlook for the CSRA and would like to cooperate with other jurisdictions to move some projects forward.
