Project Narrative

The Villas at Town Center Centerville, Houston County

The Villas at Town Center proposal is a collaborative effort between Vantage Development, LLC and the City of Centerville. The Villas is to be located on a +/-8-acre site inside the city limits of Centerville in Houston County, Georgia. The proposed development site is bordered by well-maintained single-family residences and located conveniently close to numerous amenities. Most notably, it is in Centerville's planed redevelopment area. Centerville Town Center

The Centerville Town Center is a Master Planned area in the heart of the City that will provide a civic gathering place to represent the identity of the community. The strategic plan for the Town Center results from the culmination of many months of public input and commitment from both the community and the government officials. Upon completion, the Centerville Town Center will feature a passive, family oriented park design with core features being a playground, splash pad and restrooms to support the other uses. Other attractions will include: open lawns that provide flexible space for daily use and community gathering, an amphitheater for special events, and multi-use pedestrian and bike trails that will connect spaces in the park to the surrounding area.

Excitingly, The Villas will be within walking distance to all the amenities in Town Center. Furthermore, the development site is within walking distance to current amenities such as churches, banks, libraries, pharmacies, public transportation and the Centerville Galleria. The walking routes to all listed amenities are via sidewalk.

The Villas, a 60-unit townhome development, will work in concert with the Master Plan to serve as a catalyst to the area's upcoming economic development. As a result, our future tenants are expected to experience great benefits from the neighboring initiatives. If awarded, The Villas at Town Center would meet a great demand in the area, as it would be the first LIHTC development built within the city limits of Centerville.

The Villas at Town Center plans to feature 5 one-bedroom units, 37 two-bedroom units and 18 four-bedroom units. The development will be designed to meet state and federal accessibility and fair housing requirements. Five percent (5%) of the units will be designed for mobility impaired individuals and two percent (2%) of the units will be designed for individuals with sensory impairments. The one, two, and three bedroom units are spacious and designed for optimal living.

Unit amenities will include mini-blinds, washer/dryer connections, patios, and full kitchens with an energy efficient refrigerator, dishwasher, and stove. All units will have built-in fire sprinkler systems. Site amenities will include a covered picnic area with BBQ grills and an outdoor playground. The development also plans to feature a community building that will include a management and leasing office along with a community laundry facility. The community building, with all its resources, will make a great venue for the social and recreational programs hosted by the management team and staff. Additional amenities will be chosen to meet DCA design and scoring standards, as appropriate.

Additionally, the community building will provide an exclusive-use office for the Houston County Health Department to confidentially assist residents with health and wellness concerns. Some of the services the Health Department will provide are blood pressure checks, biometric measurements, women's health exams, STD testing, hypertension and diabetes monitoring, birth control provision, CPR and First Aid classes, safe home education classes, etc. The Health Department will continually monitor the reguests of the residents to ensure that beneficial information, testing and monitoring are meeting the needs of the residents.

The Villas and Vantage development are excited to be a participant in the EarthCraft Communities program. South Face of Atlanta was engaged to conduct a EarthCraft Communities Certification "ECC" site review during which it was determined that the proposed Villas site was a great canidate for the ECC program. Per Southface, the site has the ability to achieve ECC thus provided Vantage with a Memorandum of Participation. The development has been designed to incorporate several energy efficient features with the goal of significantly improving the long-term viability of the deal as well as reducing the tenants' utility expense. These upgrades will also significantly reduce the development's environmental impact. These features may include, but are not necessarily limited to: R-38 attic insulation, low flow plumbing fixtures, Energy Star appliances, Energy Star light fixtures, energy heel trusses, R-15 Fiberglass insulation at exterior walls and 30-year architectural shingles.

The development, construction and management of The Villas at Town Center will be performed by Vantage Development, LLC, Fyffe Construction Company, Inc. and Vantage Management, LLC, respectively, all companies are owned by Lowell R. Barron, II. By offering high-demand amenities, engaging activities, and affordable rents, The Villas will meet a critical need for the Centerville and Houston County locale.

IV. APPLICANT COMMENTS AND CLARIFICATIONS

All commitments for the above listed financing are located in Tab 01: Feasibility.

Regions has provided a commitment for the Federal equity along with a bridge loan to fund the construction financing gap after the HUD 221(d)4 loan. Sugar Creek Capital has provided a commitment for the State equity. Please see the HUD Concept Meeting Approval Letter to Proceed to Application included as Exhibit A to the Walker Dunlop commitment.

The formula for the year one annual debt service has been overwritten to properly reflect the debt service that is being paid per the proforma. HUD charges MIP on top of the base rate, which is applied to the principal balance of the loan. The all in rate of 5.00% reflects a 4.65% interest rate along with a 0.35% MIP. As the principal balance declines, so does the dollar amount of MIP, and thus total annual debt service does not stay level. The HUD 221d4 debt service schedule is attached in Tab 1 Feasibility, behind

| Construction hard costs were provided to us by our General Contractor. They were derived by considering the specifics of the | | |
| project site, its inherent characteristics, requirements of city zoning and building codes, amenities, DCA requirements and by | | |
| evaluating similar projects with similar units and applying estimates for material and labor current costs. | | |
| | | |
| Backup documentation for local fees in located in Tab 01: Feasibility. As stated in the email included from the City of Centerville, | | |
| the City does not have an additional charge for "tap fees". | | |
| Included behind the Walker Dunlop commitment in Tab 01: Feasibility is a breakout chart for the fees associated with the 221d4 | | |
| loan. As stated in the Walker Dunlop commitment, Financing and Placement Fees are 3.5% of the construction loan. Please note | | |
| that \$63,005 as listed on the Perm Loan Fee line is 3.5% of the HUD construction loan of \$1,750,978. | | |

PART FOUR (b) - OTHER COSTS - 2017-009 - The Villas at Town Center - Centerville - Houston, County

DCA requires the Applicant provide a narrative for all "Other" development costs listed on Part IV-Uses of Funds. For any amounts shown below the Applicant needs to provide an explanation of the cost incurred by the development. The narrative should be a brief description for DCA intended to justify its inclusion as a valid development cost. Further, if the "Other" cost is included into eligible basis, a second narrative is required describing its justification into tax credit basis. Expand row size as needed to show text.

V. APPLICANT COMMENTS AND CLARIFICATIONS

Please note that the real estate taxes were estimated using the Houston County online Tax Estimator. The most recent online calculator for Houston County is dated 2015 on their website. The City of Centerville millage rate was selected and the construction cost were input as the "market value". Per our conversations with the Houston County Tax Assessors, this is the most accurate calculation we can use at this point.

11,460

The insurance expense is based off of a quote we received from our insurance provider on 4/7/17. Both the insurance quote and the Houston County tax estimate have been included in Tab 1: Feasibility. **DCA COMMENTS**

Since the MIP rate is r DCA formula for debt so balance lines to reflect | . The all in rate of 5.00% reflects a 4.65% interest rate but between the base interest rate and the MIP therefore not listed seperately we are unable to show its declining ervice and mortgage balance to be inaccurate. We have the correct numbers associated with the declining MIP. has been included behind their commitment in Tab 1: F | we have listed the MIP over the 40 overwritten the debt Please note that | | | |

TOTALS:

DCA has included the following area for Applicants to make comments in any section they claimed points but were not provided with comment section. Include the section/(s) you are referring to within this area along with any applicable comments.

Please note that most of the rows that say "Row size may be increased" actually can't be increased so the PDF version of the core app is cut off on the comment rows. (A request was put into Stephen Barrett to fix but as of the time of application submittal the fixed application had not been received.) All comments can be seen by clicking the in comment box within the Excel version of the Core Application.

For Scoring 7.C., there is no longer a sub-cluster section on the GDPH data map for Stable Communities. It is now a 1 or 2 point score (no A1, A2, A3, B1, B2, etc.). Therefore, we chose the first item from the application's dropdown that scored the correct point (A1 = 2 points; 2 points is what the map shows for the area)

For Scoring 19.A., Houston County Health Department provides extensive screening and education services like blood pressure checks, CPR training, lab tests, dietician consults, biometric measurements, women's health exams, STD testing, hypertension and diabetes monitoring, birth control provision, first aid classes, safe home education classes etc. Houston County Health Department will assess any other needs that may arise for TheVillas community as services continue throughout the years. The residents of The Villas at Town Center will benefit greatly from this confidential on-site service. Residents will be able to visit the Health Department office setup in the Community Building (for exclusive use of the Health Department) and not have to worry about transportation or someone coming into their apartment.

Re: Application for Low-Income Housing Tax Credit and/or HOME Funding

To DCA:

This Application is submitted in accordance with the 2017 Qualified Allocation Plan and the Housing Finance and Development Division Manuals. In submitting this Application for funding consideration, the undersigned applicant hereby certifies:

- 1) I understand that, in the event an allocation (or an allowance) for LIHTCs was obtained with false information supplied to the Georgia Department of Community Affairs ("DCA"), DCA will recapture the LIHTCs or request that the IRS deny tax credits to the Applicant entity. Also, a supplier, including the developer or owner, who knowingly provides false information will be barred by DCA from program participation for a period of five (5) years from the date the false information was discovered, in accordance with a Memorandum of Understanding between the Internal Revenue Service and the Georgia Housing and Finance Authority.
- 2) I am responsible for ensuring the project consists or will consist of a qualified low-income building (or buildings) as defined in the Internal Revenue Code section 42(c)(2) and will satisfy all applicable requirements of State and Federal tax law in the acquisition, development and operation of the project to receive State and federal housing tax credits.
- 3) I am responsible for all calculations and figures relating to the determination of the eligible basis of the building(s). I understand and agree the amount of the credit is allocated by reference to the figures that I submit as to eligible and qualified basis. I understand that the actual amount of credit allocated may vary somewhat from the amount initially reserved or committed due to (a) the determination by the Georgia Department of Community Affairs ("DCA") as to the amount of credit necessary for the financial feasibility of the project and its viability as a qualified low-income housing project; (b) revisions in the calculations of eligible and qualified basis as finally determined; (c) fluctuations in the prevailing credit percentage; and (d) availability of the credit.
- 4) I understand and agree that DCA makes no representations or warranties regarding the financial feasibility of the project, the amount of credit, or the appropriateness of the allocation of the credit and makes no independent investigation as to the eligible and qualified basis and that any and all credit awards and credit amounts are solely based on representations made by me. I therefore agree to hold harmless and indemnify DCA and the individual directors, employees, members, officers, and agents of DCA in the event that I or anyone acting on my behalf, at my request or by and through me incurs any loss, injury, or damages in conjunction with the project including those that may result from any inquiries or gathering of information by DCA concerning the proposed project team or Application, diminution of the credit, loss of the credit, recapture of part or all of the credit, failure to allocate the credit requested in my Application or, the failure of DCA, in whole or in part, to grant my Application.
- 5) I understand and agree that neither DCA nor any of its individual directors, employees, members, officers, or agents assume any responsibility or make any representations or warranties with respect to: (i) the amount or availability of credit for the project; or (ii) the financial feasibility of the project.

- 6) I understand and agree that my Application for a low-income housing credit and/or HOME loan, all attachments thereto, amendments, and all correspondence relating to my Application in particular or the credit in general are subject to a request disclosure under the Georgia Open Records Act and I expressly consent to such disclosure. I further understand and agree that any and all correspondence to me from DCA, other DCA-generated documents, or documents to or from a third party in the possession of DCA relating to my Application are subject to a request for disclosure under the Georgia Open Records Act and I expressly consent to such disclosure. I agree to hold harmless DCA and the individual directors, employees, members, officers, and agents of DCA against all losses, costs, damages, expenses, and liability of whatsoever nature or kind (including, but not limited to, attorneys' fees, litigation, and court costs) directly or indirectly resulting from or arising out of the release of all information pertaining to my Application pursuant to a request under the Georgia Open Records Act or resulting from or arising out of the release.
- 7) I understand and agree to authorize DCA access to information relevant to DCA's Application review. I understand that DCA may request an IRS Form 8821 for any Project Participant through final allocation of credits and/or disbursement of funds. Project Participants will complete Form 8821 upon DCA's request.
- 8) I understand that any misrepresentations, which includes fraudulent, negligent, and/or innocent, in this Application or supporting documentation may result in a withdrawal of tax credits and/or HOME loan by DCA, my (and related parties) being barred from future program participation, and notification of the Internal Revenue Service and/or HUD.
- 9) I certify that all sources of funds, including but not limited to Federal, State and local funding sources, have been disclosed and revealed.

In addition, Applicant understands:

- The above certifications are of a continuing nature and apply at all stages of the Application process: initial application, commitment, carryover allocation, and final allocation/funding.
- DCA must be notified of any subsequent events or information, which would change any statements or representations in the attached Application or amendments thereto;
- DCA reserves the right to verify all information or documents used in processing the Application, including requiring credit checks on all parties involved in the transaction. Applicant hereby authorizes the financing bank, accountant, mortgage lender, creditors, other state housing agencies and others sources identified in the Application to release information to DCA or its designee in order to verify the accuracy of information in the Application and amendments thereto.

Applicant agrees and understands that it may be charged for all fees and costs incurred by DCA in the inspection of funded properties during and after construction and in the enforcement of DCA regulations and policies.

Under penalty of perjury, to the best of my knowledge, I certify that all of the information in the attached Application, including all supporting documentation, is correct, complete and accurate.
