

**Project Narrative**  
**Riverwood Apartments**  
**Blue Ridge, Fannin County**

Riverwood Apartments is an existing 41 unit, Elderly tenancy apartment community located in Blue Ridge, Fannin County, GA. Applicant is seeking an allocation of 2017 4% non-competitive Low Income Housing Tax Credits for the acquisition/rehabilitation of this property.

This application is a part of a portfolio of 16 affordable rural housing properties located in 13 communities throughout the state of Georgia. The portfolio, totaling 537 units, consist of properties constructed in the 1980s and 1990s using the USDA 515 loan program and Section 42 LIHTCs.

The proposed scope of work will be in accordance with the 2017 QAP requirements. The interiors will be repaired and modernized with flooring, appliances, HVAC, hot water heaters, kitchen counters and cabinets, bathroom fixtures and paint. New smoke detectors, light fixtures and GFI outlets will be included in the electrical improvements. Exterior improvements will include doors, windows, siding and roofing when needed. All accessibility and Section 504 issues will be resolved. The dwelling rehab costs shall exceed \$25,000 per unit as required by DCA with the average total hard costs of approximately \$29,800 per unit.

Construction and permanent financing includes a new USDA 538 loan (if supportable), subordination and re-amortization of the original USDA 515 loan (with payments to be deferred for 20 years), short term tax exempt bonds and equity proceeds from the sale of the 4% federal and state LIHTCs. The transactions have been underwritten to USDA-RD agency standards and rents used for pro forma purposes are those approved by USDA-RD.

During renovations, none of the tenants are expected to be displaced or temporarily relocated. The majority of the interior improvements will be completed in one day per apartment unit. The property currently has 35, USDA-RD Section 521 Rental Assistance and will continue to receive this rent subsidy after the acquisition/rehab.

The project development team for Riverwood Apartments consists of David A. Brown, Houston Brown, and Melanie Ferrell. David A. Brown has over 40 years' experience in rehab and new construction of apartments and meets DCA experience and capacity requirements.

**IV. APPLICANT COMMENTS AND CLARIFICATIONS**

**IV. DCA COMMENTS - DCA USE ONLY**

The construction/advance loan provided by Churchill Mortgage Investment LLC shall be guaranteed on a draw by draw basis via the USDA-RD 538 program. An interest only period shall be in effect for 24 months followed by amortizing payments based on 40 year amortization factor over a 38 year term.

The debt service on the assumed USDA-RD 515 loan has been deferred for a period of 20 years. The loan will be restructured so that the UPB at time of closing will be the new principal balance and the term will be set for 30 years with 50 year amortization. At the end of the 20-year deferral period, the entire principal and accrued interest is due and payable. However, it is anticipated that USDA-RD will extend the loan for the remainder of the 515 loan period if the loan is still outstanding at that time.

V. APPLICANT COMMENTS AND CLARIFICATIONS

VI. DCA COMMENTS - DCA USE ONLY

The ineligible portion of the acquisition cost is included to account for cash accounts transferred to the new Owner.

Construction hard cost estimated by McLain & Brown Construction based on previous experience with similar projects. The source of the construction hard costs is from the AIA contract between the Applicant and the General Contractor. There is an Identity of Interest between the two entities.

The Cost of Issuance/Underwriter's Discount includes the following costs: Bond Counsel (\$11,250); Underwriter Counsel (\$6,250); Underwriter Fee (\$7,055); Issuer Fee (\$3,125); Issuer Counsel (\$1,563); Trustee Fee (\$469); Trustee Counsel (\$313); Verification Agent (\$94); Rating Agency (\$313); Bond TEFRA/Advisor Fee (\$1,250); and other miscellaneous bond costs (\$3,125). There is only one bond issuance on the 16-property portfolio; therefore, the costs above are allocated evenly among all properties.

The Final Federal and State Equity Factors are atypical since the equity contribution is part of a larger portfolio fund investment, and credits are allocated according to the needs of each transaction in the portfolio.

There is no Rent-Up Reserve since this is an in-place rehab with minimal tenant disruption, tenants will continue to pay rent, and all tenants are expected to be income-qualified to remain as tenants.

**PART FOUR (b) - OTHER COSTS - 2017-0 - Riverwood Apartments - Blue Ridge - Fannin, County**

DCA requires the Applicant provide a narrative for all "Other" development costs listed on Part IV-Uses of Funds. For any amounts shown below the Applicant needs to provide an explanation of the cost incurred by the development. The narrative should be a brief description for DCA intended to justify its inclusion as a valid development cost. Further, if the "Other" cost is included into eligible basis, a second narrative is required describing its justification into tax credit basis. Expand row size as needed to show text.

Capital Needs Assessment

USDA-RD requires both a pre- and post-rehab Capital Needs Assessment Report as part of the 515 transfer and 538 application approval process. The post-rehab CNA report, as reviewed, revised and approved by USDA-RD, ensures adequate coverage of capital needs over a 20-year period which exceeds DCA's requirement of 15 years.

The CNA reports are required for determining the rehab scope of work and by DCA for an award of tax credits; therefore, the cost is deemed eligible.

Bond Interest Carry during Rehab Period

Proceeds from the issuance/sale of tax exempt bonds shall be used to fund "good costs" associated with the acquisition and rehabilitation of the subject property. The entire amount of the bond proceeds are placed in an account held by Trustee and interest is owed until the bonds are deemed after Placed in Service. The amount included here is the estimated interest carry during the rehab period on the bond proceeds.

Only the portion of bond interest incurred during the rehab period (up to date of completion) is considered eligible.

Total Cost  Total Basis

USDA-RD guarantee fee during rehab period

RD requires payment of their guarantee fee on the advanced 538 funds during rehab period be built into the development budget and paid from third party sources of funds. The amount is based on 50bps x the funded amount of 538 guaranteed loan proceeds as of December in the loan funding cycle.

This is deemed an eligible cost since the cost is based on the guaranteed advanced funds used for rehab.

The USDA-RD UA is used since the property is partially financed via the 515 loan program. The monthly utility allowance prepared by USDA-RD does not differentiate between the uses of electricity (i.e. heat, a/c, cooking, hot water and lights). As such, the entire electricity allowance is included under air conditioning since this is

**III. Applicant Comments & Clarifications**

**IV. DCA Comments**

Vacancy and Collection Loss - USDA-RD allows the use of a vacancy and collection loss less than 7%. A vacancy rate of 5% was utilized for the Subject based on occupancy history. This is an elderly project with rental assistance with low turnover.

As outlined in the 2017 QAP threshold guidelines, DCA may waive its minimum debt coverage ratio for USDA 515 projects that clearly demonstrate feasibility, or reduce it to match other government program funding requirements provided that confirmation from the agency of the required DCR is included in their funding commitment. USDA-RD allows a combined DSCR on all mandatory-pay debt to be 1.15 (or higher if so required by the Lender). This is well below the DCA threshold of 1.25 per the QAP. As such, the Project does not meet the minimum DSCR requirement due to the debt being underwritten by the permanent lender at a lesser threshold. A pre-app waiver request was submitted.

The project will be feasible for all years in pro forma because USDA RD adjusts rents and expenses through an annual budget approval process to increase rents to sufficiently cover any potential increase in operating expenses. This annual USDA RD mandated budget approval process will make the project financially feasible for all the pro forma years outlined.

The Mortgage A (538) Annual Debt Service (ADS) shown above includes ADS based on the terms set forth in Part III, plus the 50bps ongoing USDA guarantee fee (UPB from prior year x 0.50%)
