Service Delivery Strategy Dispute Resolution Process

Attachment "A"

The City of Pearson, the City of Willacoochee and Atkinson County hereby agree to implement the following process for resolving land use disputes over annexation beginning on adoption of the Service Delivery Strategy.

1. Prior to initiating any formal annexation activities, the City (Cities) will notify the County government of a proposed annexation and provide information on location of property, size of area, and proposed land use zoning classification if applicable of the property upon annexation. Within 15 working days following receipt of the above information the county will forward to the City (Cities) a statement either: (a) indication that the County has no objection to the proposed land use for the property, or (b) describing its bona fide objection(s) to the City's (Cities') proposed land use classification proving supporting information and listing any possible stipulations or conditions that would alleviate the County's objection(s).
2. If the County has no objection to the City's (Cities') proposed land use or zoning classification, the City (Cities) are free to proceed with the annexation. If the County fails to respond to the City's (Cities') in writing within the deadline, the City (Cities) is free to proceed with the annexation and the County loses its right to invoke the dispute resolution process, stop the annexation or object to land use changes after the annexation.
3. If the County notifies the City(Cities) that it has a bona fide land use classification objection the City(Cities) will respond to the County in writing within 30 working days of receiving the County's objection by either (a) agreeing to implement the County's stipulations and conditions and thereby resolving the County's objection, (b) agreeing with the county and stopping action on the proposed annexation; (c) disagreeing that the county's objection(s) are bona fide and notifying the County that the City(Cities) will seek a declaratory judgement in court; or (d) initiating a 30 day (maximum) mediation process to discuss possible compromises.
4. If the City (Cities) initiates mediation the city(cities) and County will agree on a mediator, mediation schedule and determine participants in the mediation. The City(Cities) and County agree to share equally any costs associated with the mediation.
5. If no resolution of the County's bona fide land use classification objection(s) results from the meditation, the City(Cities) will not proceed with the proposed annexation.

6. If the City (Cities) and County reach agreement as described in step 3(a) or as a result of mediation they will draft an annexation agreement for execution by the City (Cities) County governments and the property owner(s).

Regardless of future changes in land use and/or zoning classification any site-specific mitigation or enhancement measures or site design stipulations included in the agreement will be binding on all parties for the duration of the annexation agreement. The agreement shall become final when signed by the City(Cities), the County and the property owner(s).

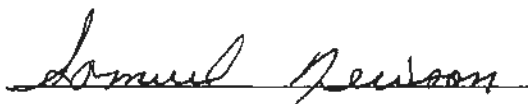

This annexation dispute resolution agreement shall remain in force and effect until amended by agreement of each party or unless otherwise terminated by operation of law.
