

## Attachment A Housing Needs

Based on the most recent 2018-2022 DCA Consolidated Plan the largest demand for housing is for families with income between 50% and 80% of AMI. The second largest demand for housing is families with income below 30% of AMI. DCA has not been able to find any data as to the needs of elderly or families with disabilities. However, DCA is filling the need by issuing Mainstream vouchers. The greatest need for renter families is affordability, supply, quality, and size. Since DCA covers 149 counties we encounter issues with the lack of housing stock in the southern counties and the lack of affordable housing in the northern counties.
