

HISTORIC ARCHITECTS, BUILDERS & LANDSCAPE ARCHITECTS IN GEORGIA

Historic Preservation Division
Georgia Department of Community Affairs

This is a list of architects, landscape architects and builders/contractors who worked in Georgia. It is not a definitive list. For each of those listed there is a folder in our files.

These files represent a collection of miscellaneous information gathered through the years, such as news clippings, AIA records, obituaries, architectural publications, city directories, and brochures. The size of files ranges from a single clipping to a complete scholarly work on an architect. The files include correspondence with historians and researchers. The files for the various cities contain some city directory information, as well as miscellaneous information about architects who worked in that city.

KEY:

DGB [bio in Dictionary of Georgia Biography (1983)]
TENN [included in Tenn. Dissertation, copy at HPD]
SC [included in John E. Wells book on SC Architects ('93)]
