ATTENTION: 2017 CDBG-MITIGATION INFRASTRUCTURE APPLICANTS

Please join DCA and eCivis on **Friday, November 20 at 1:00pm** EST for a live streaming webinar training to learn about the new online **grant management portal: GrAAM**. A step-by-step training guide will be provided during the webinar training session. Participants will be able to ask questions of the presenters regarding the material covered and a link to the recorded training session will also be provided to registered participants following the conclusion of the training.

The webinar will cover the following areas:
• **Navigating the DCA Solicitation Page and Program Instructions**
• **Creating an eCivis Portal Account**
• **Preparing and submitting a grant application**

Attendance is encouraged for anyone who manages or intends to apply for DCA programs including consultants, subrecipients, program administrators and local jurisdiction staff.

Due to the new online grant management portal, the CDBG-MIT application will relaunch on Monday, November 30. Please view the revised CDBG-MIT Infrastructure timeline below:
