#### **Narratives**

#### Areas of Greatest Need:

The purpose of the NSP funds is to address the negative ramifications of the housing foreclosure crisis that occurred over the past five years due to subprime mortgage lending which, nationally, resulted in significant numbers of homeowners entering into foreclosure and entire neighborhoods becoming vacant and abandoned. In 2007 Georgia ranked seventh in the nation in the percent of households facing foreclosure (1.566% of households). Additionally, Georgia ranks 9th in the nation for conventional loans made by sub-prime lenders and 8th in the percent of owner-occupied home purchase loans made to low-income borrowers. For the first quarter of 2008 Georgia was among the 10 states with mortgage delinquency rates categorized as "Seriously Delinquent" with 4.04% - 5.34% of mortgages statewide in this category. In the Southeast, Georgia's rate of 1.3 per 1000 housing units held by lenders and classified as "Real Estate Owned" (REO) is second only to Florida. Typically these REO properties represent vacant homes that over months of vacancy can contribute to neighborhood decline, blight and diminished values for entire neighborhoods.

#### Distribution and and Uses of Funds:

Note: The comprehensive NSP Action Plan Propsed Substantial Amendment has been submitted to HUD and is also avalable at the Georgia Department of Community Affairs website at http://www.dca.ga.gov/communities/CDBG/programs/nsp.asp. This Substantial Amendment includes the details on the methodology of determination of areas of greatest need, proposed distribution methods and use of funds, required definitions and descriptions, low-income targeting description, acquisition and relocation description, public commentary, and individual NSP activity information. Georgia has significant needs and housing problems due to the subprime lending crisis. Further, the level of foreclosures resulting from these problematic mortgages has placed an increased burden on the economy and affected families. Housing agencies and programs are also strained as they seek to assist families and individuals caught in this national tragedy. The Georgia Department of Community Affairs (DCA) will use the NSP funds for the purposes intended – to promote neighborhood stabilization where subprime lending, foreclosure and housing vacancies and, in turn, abandoned and blighted properties have negatively affected the housing market. Accordingly, DCA will give priority to those applicants that can effectively target NSP resources to neighborhood stabilization projects that will address these problems in areas with the greatest needs. The State defined such geographic areas using the best data available to support its definition of greatest need areas.

Georgia's expenditure rate was the highest in the nation among state programs that received grant awards in excess of \$40,000,000. Also, at the close of the quarter, the State's LH25 expenditures significantly exceeded the required 25% minimum. Each of the local NSP1 programs continues to generate much-needed affordable housing opportunities for Georgia families.
